This is the third volume of Victor Hugo's 1862 French historical novel, "Les Misérables". Considered to be one of the greatest novels of the nineteenth century, it chronicles the lives of several characters, focusing on ex-convict Jean Valjean's struggle for redemption. It constitutes a profound examination of French history, the nature of law and justice, contemporary urban life, politics, moral philosophy, religion, and the types of romantic and familial love. A veritable masterpiece, "Les Misérables" is a must-read for all lovers of literature. Victor Marie Hugo (1802 - 1885) was a French novelist, dramatist, and poet belonging to the Romantic movement. He is widely hailed as one of the most accomplished and well-known French writers, originally achieving renown

for his poetical endeavours—the most notable of which are the volumes “Les Contemplations” and “La Légende des siècles”. Outside of his native country, Hugo's best-known works are his novels: “Les Misérables” (1862) and “Notre-Dame de Paris” (1831), commonly known as “The Hunchback of Notre-Dame”. Aside from his literary achievements, he also produced over 4,000 beautiful drawings and was a prominent campaigner for social and political issues, including abolishing capital punishment. Many vintage books such as this are becoming increasingly scarce and expensive. We are republishing this book now in an affordable, high-quality, modern edition complete with a specially commissioned new biography of the author. A poignant, heartwarming, and charmingly funny debut novel about how a discovered box in the attic leads one Bengali American family down a path toward understanding the importance of family, even when splintered. Shantanu Das is living in the shadows of his past. In his fifties, he finds himself isolated from his traditional Bengali community after a devastating divorce from his wife, Chaitali; he hasn't spoken to his eldest daughter Mitali in months; and most painfully, he lives each day with the regret that he didn't accept his teenaged daughter Keya after she came out as gay. As the anniversary of Keya's death approaches, Shantanu wakes up one morning utterly alone in his suburban New Jersey home and realizes it's finally time to move on. This is when Shantanu discovers a tucked-away box in the attic that could change everything. He calls Mitali and pleads with her to come home. She does so out of pity, not realizing that her life is about to shift. Inside the box is an unfinished manuscript that Keya and her girlfriend were writing. It's a surprising discovery that brings Keya to life briefly. But Neesh Desai, a new love interest for Mitali with regrets of his own, comes up with a wild idea, one that would give Keya more permanence: what if they are to stage the play? It could be an homage to Keya's memory, and a way to make amends. But first, the Dases need to convince Pamela Moore, Keya's girlfriend, to give her blessing. And they have to overcome ghosts from the past they haven't met yet. A story of redemption and righting the wrongs of the past, Keya Das's Second Act is a warmly drawn homage to family, creativity, and second chances. Set in the vibrant world of Bengalis in the New Jersey suburbs, this debut novel is both poignant and, at times, a surprising hilarious testament to the unexpected ways we build family and find love, old and new. An honest, irreverent, laugh-out-loud guide to coping with death and dying from Emmy-nominated writer and New York Times bestselling co-author of Sh*tty Mom Laurie Kilmartin. Death is not for the faint of heart, and sometimes the best way to cope is through humor. No one knows this better than comedian Laurie Kilmartin. She made headlines by live-tweeting her father's time in hospice and her grieving process after he passed, and channeled her experience into a comedy special, 45 Jokes About My Dead Dad. Dead People Suck is her hilarious guide to surviving (sometimes) death, dying, and grief without losing your mind. If you are old and about to die, sick and about to die, or with a loved one who is about to pass away or who has passed away, there's something for you. Something about the boss That handsome masked stranger Katie Ledbetter got very, very close to after the costume party? Yeah, that would be her boss, Nolan Murphy. Super-embarrassing, but par for the course in her ill-fated quest for love. That's when she comes to a decision to give up the romance rat race and have a child on her own. When Nolan catches wind of her quest, the sexy single dad suggests she test out if she wants to be a parent by

Les Misérables : Complete in Five Volumes This book include Victor Hugo's biography and his works. The story begins in 1815 in Digne, as the peasant Jean Valjean, just released from 19 years' imprisonment in the galleys—five for stealing bread for his starving sister and her family and fourteen more for numerous escape attempts—is turned away by innkeepers because his yellow passport marks him as a former convict. He sleeps on the street, angry and bitter. Digne's benevolent Bishop Myriel gives him shelter. At night, Valjean runs off with Myriel's silverware. When the police capture Valjean, Myriel pretends that he has given the silverware to Valjean and presses him to take two silver candlesticks as well, as if he had forgotten to take them. The police accept his explanation and leave. Myriel tells Valjean that his life has been spared for God, and that he should use money from the silver candlesticks to make an honest man of himself. Valjean broods over Myriel's words. When opportunity presents itself, purely out of habit, he steals a 40-sous coin from 12-year-old Petit Gervais and chases the boy away. He quickly repents and searches the city in panic for Gervais. At the same time, his theft is reported to the authorities. Valjean hides as they search for him, because if apprehended he will be returned to the galleys for life as a repeat offender. Six years pass and Valjean, using the alias Monsieur Madeleine, has become a wealthy factory owner and is appointed mayor of a town identified only as M____-sur-M__ (i.e., Montreuil-sur-Mer). Walking down the street, he sees a man named Fauchelevent pinned under the wheels of a cart. When no one volunteers to lift the cart, even for pay, he decides to rescue Fauchelevent himself. He crawls underneath the cart, manages to lift it, and frees him. The town's police inspector, Inspector Javert, who was an adjutant guard at the Bagne of Toulon during Valjean's incarceration, becomes suspicious of the mayor after witnessing this remarkable feat of strength. He has known only one other man, a convict named Jean Valjean, who could accomplish it. 'BRILLIANT' Chris Evans, Virgin Radio Breakfast Show When was the last time you listened to someone, or someone really listened to you? This life-changing book will transform your conversations forever. At work, we're taught to lead the conversation. On social media, we shape our personal narratives. At parties, we talk over one another. So do our politicians. We're not listening. And no one is listening to us. Now more than ever, we need to listen to those around us. New York Times contributor Kate Murphy draws on countless conversations she has had with everyone from priests to CIA interrogators, focus group moderators to bartenders, her great-great aunt to her friend's toddler, to show how only by listening well can we truly connect with others. Listening has the potential to transform our relationships and our working lives, improve our self-knowledge, and increase our creativity and happiness. While it may take some effort, it's a skill that can be learnt and perfected. When all we crave is to understand and be understood, You're Not Listening shows us how. * With a new afterword by the author * 'This book couldn't be more timely. Inspiringly profound...smart and playful' Observer 'I'll be adopting Murphy's advice' Sunday Times, Style The definitive story of the British adventurers who survived the trenches of World War I and went on to risk their lives climbing Mount Everest. On June 6, 1924, two men set out from a camp perched at 23,000 feet on an ice ledge just below the lip of Everest's North Col. George Mallory, thirty-seven, was Britain's finest climber. Sandy Irvine was a twenty-two-year-old Oxford scholar with little previous mountaineering experience. Neither of them returned. Drawing on more than a decade of prodigious research, bestselling author and explorer Wade Davis vividly re-creates the heroic efforts of Mallory and his fellow climbers, setting their significant achievements in sweeping historical context: from Britain's nineteenth-century imperial ambitions to the war that shaped Mallory's generation. Theirs was a country broken, and the Everest expeditions emerged as a powerful symbol of national redemption and hope. In Davis's rich exploration, he creates a timeless portrait of these remarkable men and their extraordinary times. After twenty-five years of 'sex, drugs, bad behaviour and haute cuisine', chef and novelist Anthony Bourdain has decided to tell all. From his first oyster in the Gironde to his lowly position as a dishwasher in a honky-tonk fish restaurant in Provincetown; from the kitchen of the Rainbow Room atop the Rockefeller Center to drug dealers in the East Village, from Tokyo to Paris and back to New York again, Bourdain's tales of the kitchen are as passionate as they are unpredictable, as shocking as they are funny. In *Encyclopedia of an Ordinary Life* she has ingeniously adapted this centuries-old format for conveying knowledge into a poignant, wise, often funny, fully realized memoir. Using mostly short entries organized from A to Z, many of which are cross-referenced, Rosenthal captures in wonderful and episodic detail the moments, observations, and emotions that comprise a contemporary life. Find order and beauty in the kitchen with this delightfully elegant primer on washing the dishes that elevates and illuminates a seemingly routine chore. Washing the dishes is an ordinary, everyday task--but with examination and care, it can become much more. In this reverent guide to the household chore, Peter Miller shows us how washing dishes can become a joy, a delight, a meditative exercise, and an act of grace and rhythm. We pay so much attention to recipes but little attention to maintenance and cleanup. Washing the dishes is as much a part of making a meal as prepping the vegetables, making the sauces, or seasoning the meats. At times it is quite routine, sometimes raucous, other times complex. It is never convenient. Despite its din and clatter, and despite its reputation, washing the dishes is the coda to the meal. It is a bustling musical of water and soap, of flow and surface, and done well, the fragile shall sit as proudly as the cast-iron. There are some who do the dishes for the clarity and privacy of it, and there are some who relish the quiet isolation of putting things in order where they belong. There are some who feel the time and movement is a kind of digestive. In the evening in particular, there is a silence when it is all done. How to Wash the Dishes brings elegance, art, and a bit of mindfulness to the sink. It is the perfect gift for those who love to clean and equally as apt for those we wish would clean a bit more. The true, "carefully researched" story of a Depression-era brothel in a Bible Belt town that thrived for over three decades and the woman who owned it (Lee Gordon Brockington, author of Pawleys Island: A Century of History and Photographs). Hazel Weisse moved to Georgetown, South Carolina, in 1936, and opened a brothel three miles south of Front Street. Aside from objections by a few ministers, most people in town looked the other way—and the business remained open for thirty-three

years, until Weisse's retirement in 1969. She was well known, making appearances every week at the stores on Front Street—and in the newspaper as a donor to charitable causes. She sent her "sporting ladies" to town for their weekly doctor visits, banking deposits, and shopping trips. But, aware of the conservative community around her business, she did not allow her employees free access to Georgetown. She approved their choices of clothes to wear in public, warned them not to look at men on the sidewalk, and forbade soliciting. Based on research, interviews, and local lore, David Gregg Hodges attempts the unravel the history behind a place spoken of in whispers—and reveals the people and stories behind the Sunset Lodge. Presents recipes ranging in difficulty with the science and technology-minded cook in mind, providing the science behind cooking, the physiology of taste, and the techniques of molecular gastronomy. Sounds and Perception is a collection of original essays on auditory perception and the nature of sounds - an emerging area of interest in the philosophy of mind and perception, and in the metaphysics of sensible qualities. The individual essays discuss a wide range of issues, including the nature of sound, the spatial aspects of auditory experience, hearing silence, musical experience, and the perception of speech; a substantial introduction by the editors serves to contextualise the essays and make connections between them. This collection will serve both as an introduction to the nature of auditory perception and as the definitive resource for coverage of the main questions that constitute the philosophy of sounds and audition. The views are original, and there is substantive engagement among contributors. This collection will stimulate future research in this area. Can he make himself heard in her silent world? Straight from the heart of New York Times bestselling author Jude Deveraux comes a story of love, tragedy, and mystery in a small North Carolina town brimming with secrets. Have you ever lost someone who meant more to you than your own soul? Ford Newcombe has. For years, he loved his wife, Pat, more than anyone -- and anything -- in the world. She came into his life when he was just an inexperienced college student with big dreams of becoming a published author. With love and humor, she guided him down the path that would eventually lead him to more success than he ever dreamed possible. Since Pat's death six years ago, Ford has lived a life of solitude, barely able to put pen to paper, and rumors are flying that it was Pat who actually created the books the world so loved. If there's one thing that Ford needs it's inspiration, and it finally comes in the guise of Jackie Maxwell -- a smart, sassy university researcher with just enough attitude to match Ford's sharp intellect. But it's her intimate knowledge of the story of a young woman's friendship with the devil -- and what the townspeople did to her -- that persuades Ford to hire Jackie as his assistant and to move to Cole Creek, North Carolina, where the story is said to have taken place. They soon learn that even though the inhabitants of Cole Creek try to deny it, they are still plagued by the consequences of the otherworldly tale of passion and death. As Ford and Jackie work to unravel the truth, they discover a connection between their lives and the past, a connection that not only helps them solve a long-ago crime but offers the promise of new love. Loved by readers and critics alike for her "golden touch" (Publishers Weekly), Jude Deveraux has once again created a story that pulls at readers' heartstrings, titillates their imaginations, and uncovers a long-buried passion that far surpasses the boundary between life and death.
