In this Ming-era novel, historical narrative, raucous humor, and the supernatural are interwoven to tell the tale of an unsuccessful attempt to overthrow the Song dynasty. A poor young girl meets an old woman who gives her a magic book that allows her to create rice and money. Her father, terrified that his daughter's demonic nature might be discovered, marries her off. Forced to flee, she and others with supernatural abilities find themselves in the midst of a grotesque version of a historical uprising, in which facts are intermingled with slapstick humor and wild fictions. Attributed to the writer Luo Guanzhong, *Quelling the Demons' Revolt* is centered on the events of the rebellion led by Wang Ze in 1047-48. But it is a distorted, humorous version, in which Wang Ze's lieutenants show up as a comical peddler and a mysterious Daoist priest and a celebrated warrior appears despite having died many years earlier. Rather than fantastic adventures and supernatural marvels, the author points to human vanities and fixations as well as social injustice, warning of the vulnerability of any pursuit of order in a world plagued by demonic forces as well as mundane corruption. Although the story takes place long before the era in which it was written, ultimately *Quelling the Demons' Revolt* is the story of the Ming dynasty in Song masquerade, presciently warning of the dynasty's downfall. The novel is divided into chapters, but in many ways it is an arrangement of self-contained stories that draw on vernacular storytelling. This translation offers English-speaking readers a spirited example of social critique combined with caustic humor from the era of Luo Guanzhong. In a future world where civilization has collapsed, fourteen-year-old Ben sets out on a journey to discover his birthright, and meets members of a technologically advanced remnant, who use machines to foster belief in Demons among the people of Ben's homeland. A monumental battle rages between mighty angel warriors and a vast horde of nightmarish demons who have established a stronghold within an unsuspecting church. The pastor, a charming man with magnetic personality, is doted upon by his followers, most of whom are unaware of his arrogant pride and unethical conduct. The affairs of the church he controls with an iron fist, abusing his leaders unmercifully. Many have left broken and wounded while others look the other way, unable to stand against the enormous spirits controlling the man. A neophyte board of directors find themselves faced with a terrible dilemma when they finally realize the extent of his wickedness. Will they choose to stand for righteousness, demanding accountability, or will they abandon the responsibilities of their leadership role? It is only as they face off against this self-styled prophet of the Lord that they fully realize his formidable ability to divide and conquer with manipulation and intimidation. As the human struggle continues, heavenly hosts clash with the entrenched army of evil in a desperate attempt to overthrow the designs of the savage Python spirit and monstrous demon-master, Jezebel, in order to win back the territory and save embattled believers. "25th January 1682(3). A sad cruel murder comitted by a boy about

eighteen or nineteen years of age, nere Ferryhill, nere Durham, being Thursday, at night...." Over 300 years ago, Ferryhill, an obscure town in the south of County Durham, played host to one of the most horrid and tragic murders in the county's history. A farm servant murdered the three children of his master in cold blood with an axe. It was described in a London print as the "most horrid and barbarous murder that ever was heard of in the North or elsewhere". There was no motive for the crime, and nothing in the murderer's character to suggest that such an event could take place, and yet in his later confession, the perpetrator said that he acted only on the "suggestion of the enemy" - The Devil. For the first time since the murders, all of the evidence leading up to, at the time of, and after the event is collected together as one of the most intriguing investigations into this sad and macabre event, and lays bare some interesting information that have never been known to the public before. Did the Devil come to Ferryhill? Read on, if you dare... Tales of terror and the supernatural hold an honored position in the Jewish folkloric tradition. Howard Schwartz has superbly translated and retold fifty of the best of these folktales. Gathered from countless sources ranging from the ancient Middle East to twelfth-century Germany and later Eastern European oral tradition, these captivating stories include Jewish variants of the Pandora and Persephone myths. This eBook edition of "The Mill on the Floss" has been formatted to the highest digital standards and adjusted for readability on all devices. Set in the late 1820s and 1830s, after the Napoleonic Wars, the novel spans a period of 10 to 15 years and details the life of Maggie Tulliver, and her brother Tom, growing up at Dorlcote Mill on the River Floss at its junction with the more minor River Ripple near the village of St Ogg's in Lincolnshire, England. The story begins when Maggie is 9 years old, 13 years into her parents' marriage. Main focus of the story is on her relationship with her older brother Tom, and her romantic relationships with Philip Wakem (a hunchbacked, sensitive and intellectual friend) and with Stephen Guest (a vivacious young socialite in St Ogg's and assumed fiancé of Maggie's cousin Lucy Deane) constitute the most significant narrative threads. Can love save a cursed woman? 'Was her life to be always like this? - always bringing some new source of inward strife?' When the miller Mr Tulliver becomes entangled in lawsuits, he sets off a chain of events that will profoundly affect the lives of his family and bring into conflict his passionate daughter Maggie with her inflexible but adored brother Tom. As she grows older, Maggie's discovery of romantic love draws her once more into a struggle to reconcile familial and moral claims with her own desires. Strong-willed, compassionate, and intensely loyal, Maggie seeks personal happiness and inner peace but risks rejection and ostracism in her close-knit community. Opening with one of the most powerful fictional evocations of childhood, *The Mill on the Floss* (1860) vividly portrays both the 'oppressive narrowness' and the appeal of provincial England, the comedy as well as the tragedy of obscure lives. George Eliot's most autobiographical novel was also her most controversial, and has been the subject of animated debate ever since. This edition combines the definitive Clarendon text with a lively new introduction and notes. The book provides a lively discussion of the ways in which popular fiction appropriates the figure of the Provisional IRA activist and the political conflict within the north of Ireland. It looks at how authors' recreations, or transformations, of Irish republicanism might reveal self-referential images that are, ultimately, a product of national identity and/or gender identity. An important focus of the book interrogates British fascination and fixation with the Provisional IRA and its 'terrors'. The many novels discussed in this study include Gerald Seymour Harry's *Game*; Campbell Armstrong *Jig*; Bernard MacLaverty *Cal*; Mary Costello *Titanic Town*; Jennifer Johnston *Shadows on our Skin*; Deidre Madden *One by One through the Darkness*. In an effort to stop the Sphinx from opening the demon prison *Zzyxx*, Kendra, Seth, and the Knights of the Dawn race to find the exotic artifacts and keep them out of the Sphinx's control. Ever since the night Alex Donally found the demon blade in his hand—and in his thoughts—he has been driven to fight evil. Traces the history of chivalric fiction in Western Europe, from the earliest Celtic tales to the conflict between romance and realism in *Don Quixote*. Darcy Snow is a demon hunter and a damn good one at that. She's never hesitated when faced with monsters preying on humans, but the rules

changed when the Lord of the Spirits married a mortal. While spirits used to be able to cross into the human realm only on Halloween, they're now passing freely through a mysterious portal. Jaral is a demon with a mission. As the heir apparent in the demon realm, he's been waiting for a chance to finally prove himself to his father. When he's ordered to solve the mystery of how their enemies are infiltrating the human world, he expects to run up against mortals. One thing he didn't plan on, however, is crossing paths with a beautiful demon hunter. Together, they'll need to seal the portal and ensure that balance is returned to the realm. But loving an enemy is not an option for Darcy. If she can't trust Jaral, she can't be with him. To prove his intentions, Jaral will need to make the ultimate sacrifice... Don't miss *Seducing the Demon Huntress*, available now! 47,000 words

saved him and made him a Knight of White, an immortal demon hunter. This is a story that will compels you to read page after page until your eyes can no longer focus on the print. This is a story you will never forget. Chapter after Chapter this story has impressed the toughest critics with its tale of demonic possession. This is an old fashion ghost story that will make you want to sleep with the lights on. This story is about what the mother of two clairvoyant children felt while she lived the scariest time in her life. It explains the reasons why a demon was able to survive for century's, and possess not just the previous owner of their new home and the stepson, of her new friend Diane Lewis. Susan has suffered more than one tragedy in her life, and unknown to her. The Cross family, and her friend Diane Lewis a surviving family member of its latest victim have been chosen to help explain to the world; how the last two people who were possessed by this demon, were not the psychopaths everyone believed them to be. It shows the emotional trauma victims' families live with intertwined with the emotions felt by the demons two last hosts. Susan thanks to a special soul; sees how the criminals as individuals tried to battle the demon on their own, and how they lost their battle. Every good lie is believable because it does contain some truth. Because of that fact, the possessed people who at one time did at one time wish ill will on someone. Believed they were responsible for the crimes. That is the reason why over centuries, even the ones who discovered the demon possessing them committed these evil acts. They were as individuals held responsible, and punished for the crimes. They were too late to expose the demon since possession as an explanation, was ignored. This demon was arrogant because it had survived unexposed for centuries. The world has always believed it was the person it possessed, was solely responsible for the crimes that were committed. Until now. This book examines the fairies, demons, and nature spirits haunting the margins of Christendom from late-antique Egypt to early modern Scotland to contemporary Amazonia. Contributions from anthropologists, folklorists, historians and religionists explore Christian strategies of encompassment and marginalization, and the 'small gods' undisciplined tendency to evade such efforts at exorcism. Lurking in forest or fairy-mound, chuckling in dark corners of the home or of the demoniac's body, the small gods both define and disturb the borders of a religion that is endlessly syncretistic and in endless, active denial of its own syncretism. The book will be of interest to students of folklore, indigenous Christianity, the history of science, and comparative religion.

Relying on fresh research from contemporary sources, this book reconstructs the knowledge base that forms the foundation of our modern understanding of the paranormal. When European notions about angels and demons were exported to the New World, they underwent remarkable adaptations. Angels and demons came to form an integral part of the Spanish American cosmology, leading to the emergence of colonial urban and rural landscapes set within a strikingly theological framework. Belief in celestial and demonic spirits soon regulated and affected the daily lives of Spanish, Indigenous and Mestizo peoples, while missionary networks circulated these practices to create a widespread and generally accepted system of belief that flourished in seventeenth-century Baroque culture and spirituality. This study of angels and demons opens a particularly illuminating window onto intellectual and cultural developments in the centuries that followed the European encounter with America. The volume will be of interest to scholars and students of religious studies, anthropology of religion, history of ideas, Latin American colonial history and church history. Fifteen-year-old Kendria Shaw thought her only problems after moving to her grandfather's house would be her brother, bullies and homework, until the arrival of an ancient relic casts a spell on the village of Raven Mills, drawing in dangerous spirits, each capable of destroying the town and everyone Kendria cares for. Now, with the help of the phantom Hadrian trapped in human form, she must learn to use the Soul Stone to defend her home and remove the curse upon it. But how can a teenager with trust issues team up with a millennia-old ghost to take on demons, a forest guardian, and specters who can control the forces of nature? This collection of poems is the winner of the 1995 first-book competition in the Texas Tech University Press Poetry Award series. These poems about a young woman leaving Italy for the United States in the 1950s examine both the small town and urban landscape of a uniquely American experience. "Anna and the Steel Mill is a work of great range and maturity. These poems are struck like matches—out of the small frictions in these poems arise gentle flames, but also raging fires."—Jim Daniels Spare Change Crossing Spruce Street, I was bending like a peddler under my laundry and three loaves of day-old-bread She held her sleeping daughter, asked for change for milk, and diapers to soak up what the baby couldn't use. I'd spent my change on laundry tokens, flat imitations rattling in my hand. I offered bread; she needed cash; we stared at the broken street, as if we hoped to see a table spread with laundered white, with knives and baskets ready for the strong bread that, broken open, would release a blessing in the smell of yeast. An examination of Trithemius's "magical theology," which argued for the compatibility of magic and Christian doctrines, and its influence during the Renaissance and Reformation. Beliefs in witchcraft and demons still shape many societies and seem to be increasing rather than disappearing with modernization and urbanization. Witch hunts in Africa and Asia show the scope of the problem. The deliverance practices of Pentecostal and charismatic churches are widely controversial and their effects rather ambiguous. The contributions in this volume, written by experts and practitioners from four continents, analyze these phenomena from the perspectives of intercultural theology, anthropology and ethnology and describe the responses of Catholic and Protestant churches. Claudia Wahrisch-Oblau is a missiologist and heads the Evangelism Department of the United Evangelical Mission, Wuppertal, Germany. Henning Wrogemann is Professor for Missiology and Comparative Religion at the Protestant University Wuppertal/Bethel, Germany. Demon activity is unmasked in this classic new book by Dag Heward-Mills. Using the testimony of the mad man of Gadara, he shows the way to victory over demons and evil spirits. The Collected Works of John Stuart Mill took thirty years to complete and is acknowledged as the definitive edition of J.S. Mill and as one of the finest works editions ever completed. Mill's contributions to philosophy, economics, and history, and in the roles of scholar, politician and journalist can hardly be overstated and this edition remains the only reliable version of the full range of Mill's writings. Each volume contains extensive notes, a new introduction and an index. Many of the volumes have been unavailable for some time, but the Works are now again available, both as a complete set and as

individual volumes. In present-day Greece many people still speak of exotikNB--mermaids, dog-form creatures, and other monstrous beings similar to those pictured on medieval maps. Challenging the conventional notion that these often malevolent demons belong exclusively to a realm of folklore or superstition separate from Christianity, Charles Stewart looks at beliefs about the exotikNB and the Orthodox Devil to demonstrate the interdependency of doctrinal and local religion. He argues persuasively that students who cling to the timeworn folk/official distinction will find it impossible to appreciate the breadth and coherence of contemporary Greek cosmology. Like the medieval cartographers' fantasies, which were placed on the "edges" of the physical world, Greek demons cluster in marginal locations--outlying streams, wells, and caves. The demons are near enough to the community, however, to attack humans--causing illness or death, according to Stewart's informants. Drawing on an unusual range of sources, from the author's fieldwork on the Cycladic island of Naxos to Orthodox liturgical texts, this book pictures the exotikNB as elements of a Greek cognitive map: figures that enable individuals to navigate the traumas and ambiguities of life. Stewart also examines the social forces that have by turns disposed the Greek people to embrace these demons as indicative of links with the classical past or to eschew them as signs of backwardness and ignorance. Straight to hell... When Daeva revealed her true identity to her love, Quinn Strom, the exorcist and broodingly handsome demon hunter sent her straight back to hell without a backward glance. Nicole, a journalist, was intrigued by a newspaper ad her roommates were discussing. Her roommates said the person who placed the ad to find a wife must be either very ugly or very old. Nicole told them not to pass judgment. She was curious about the mysterious ad, so she called the number to make an appointment. Figuring the meeting would make for an interesting article, she showed up at the address provided only to find herself in front of a mansion! And the man who'd placed the ad wasn't ugly at all—he was an incredibly attractive man with demons in his past.
