--BOOK JACKET. International Law: Text, Cases and Materials provides not only an essential introduction to the core concepts and foundational principles of international law, but also a detailed overview of each established area in which international law operates. Featuring cases, materials, and illustrative figures throughout to enhance the level of context and detail provided, the book covers everything a student of international law requires. Topics include the law of treaties, international organisations, the international protection of human rights, responsibility in international law, jurisdiction, diplomatic and consular law, territory in international law, the law of the sea, international air and space law, international economic law, international environmental law, and international humanitarian law. This comprehensive textbook will be essential reading not only for any course on international law, but also as a starting point for those wishing to grasp the context of a particular area of international law before exploring further. Building on the strengths of the Sourcebook on Public Law, this book has been comprehensively revised to take account

of the radical programme of constitutional reform introduced by the Labour Government since 1997. An examination of the core principles, landmark disputes, and modern developments in IEL reflecting a global approach. Building on its unrivalled reputation as the definitive EU law textbook, this seventh edition continues to provide clear and insightful analysis of all aspects of European Union law. Drawing on their wealth of experience, Paul Craig and Gráinne de Búrca succeed in bringing together a unique mix of illuminating commentary and well-chosen extracts from a wide range of cases, legislation, and academic publications. Chapters have been carefully structured and designed to enhance student learning at all levels, laying the foundations of the subject while building analysis of more complex areas and cutting-edge debates. The seventh edition has been comprehensively updated to reflect the extensive legal developments that have taken place since publication of the sixth edition, and a new chapter on current challenges facing the EU has been added. Land Law: Text, Cases, and Materials has been designed to provide students with everything they need to approach their land law course with confidence. Experts in the area, the authors combine clear and insightful commentary with carefully chosen extracts to offer students a full account of the subject. Using the popular Text, Cases and Materials format the authors take a critical approach to the subject, presenting thought-provoking analysis of the leading case-law in the area and inviting students to develop their own analytical skills ready for exams. The book can be used as a stand-alone resource, or as a complement to Land Law: Core Text, written by the same authors.
