**Edition** Mar 09 2021 For colleges and universities around the world, Financial Accounting IFRS, 2nd Edition with WileyPLUS, by Jerry J. Weygandt, Paul D. Kimmel, and Donald E. Kieso, is designed to assist students learning accounting topics under the rules of IFRS. The book addresses every accounting topic from the perspective of IFRS and includes examples based on international companies. Following the reputation for accuracy, comprehensiveness, and currency, this highly anticipated new edition retains key features, such as the table of contents, comprehensive problem sets, and accuracy, on which users of Weygandt Financial Accounting IFRS have come to rely. The focus of this text is on international companies, discussing financial accounting principles and procedures within the context

of IFRS, and providing end-of-chapter exercises and problems that present students with foreign currency examples such as the yen or euro. New features and updates to the new edition include: "Another Perspective" section which presents a US GAAP overview, differences between GAAP and IFRS; New Understanding U.S. GAAP margin boxes; Updated Chapter-Opener Stories and revised real world insight boxes integrated throughout each chapter; New Common Chart of Accounts; Sustainability coverage through People, Planet, Profit Insight box; More Visual Equation Analysis and Anatomy of a Fraud Boxes; Updated End-of-Chapter Material and a new design. Students using WileyPLUS do real accounting, get real results. WileyPLUS is a student-centered learning and assessment online environment, where students complete automatically graded homework, get feedback on their answers, and access learning materials like the eText at the point of learning.

Students come to class prepared because the program is designed to meet the needs of today's accounting classroom with an innovative question design that facilitates effective learning of accounting concepts, skills, and procedures. WileyPLUS sold separately from text.

Financial Accounting Jul 13 2021 Financial Accounting, 5th Edition provides students with an understanding of fundamental concepts necessary to use accounting effectively. Starting with a "macro" view of accounting information, the authors present real financial statements. They establish how a financial statement communicates the financing, investing, and operating activities of a business to users of accounting information. Kimmel, Weygandt and Kieso motivate students by grounding the discussion in the real world, showing them the relevance of the topics covered to their future.
