**The "You Teach It" Math Study Guide** Jun 25 2022 This Math Study Guide was created by

Shevonica M Howell, a veteran math instructor and the private school founder of Academy of Scholars, Inc. Ms. Howell's passion for teaching has shown throughout the 90+ pages displayed within her "YOU TEACH IT" Math Study Guide as well as her dedication towards the teaching profession. Not only has Ms. Howell given step by step instructions for solving each of the math problems inside this guide, but many of the math steps are outlined in her own handwriting. The math terms that Ms. Howell has included along with the self-made Math Review at the end of this study guide are more than valuable. And both will be beneficial towards the readers' overall math success. Ms. Howell's zeal for teaching mathematics, her belief that all students can learn and her genuine love for the teaching profession as a whole, are just a few of the reasons Ms. Howell created the "YOU TEACH IT" Math Study Guide.
