We Are Their Voice Feb 28 2020 Do young people today find meaning in the Holocaust? That's the question that prompted a writing project across North America, Italy, and Australia asking young people to share their ideas about this time in history. Some students wrote short stories. Some discussed the impact of books they had read and wrote about the messages that they understood from these books. Several interviewed survivors and recorded their impressions. Many talked about how they have tried to make sense of this history in the world in which they now live. Others created works of art. Children wrote from their hearts with sensitivity, thoughtfulness, and great insight. Their teachers saw this opportunity as a gift, and it proves to all that young people can make a meaningful connection to the Holocaust. Their contributions give hope for a more peaceful and tolerant future.

Conversion to Catholicism in Early Modern Italy Oct 25 2019 In the sixteenth and seventeenth centuries, conversion took on a new importance within the Catholic world, as its leaders faced the challenge of expanding the church's reach to new peoples and continents while at the same time reinforcing its authority in the Old World. Based on new archival research, this book details the extraordinary stories of converts who embraced a new religious identity in a territory where papal authority and Catholic orthodoxy were arguably at their strongest: the Italian peninsula. Through an analysis of both the unique strategies employed by clerics to attract and educate converts, and the biographies of the men and women—soldiers, aristocrats, and charlatans—who negotiated new positions for themselves in Rome and the other cities of the peninsula, a new image of Italy during the Counter-reformation emerges: a place where repression and toleration alternated in unexpected ways, leaving room for negotiation and exchange with members of rival faiths.

Forced Baptisms Dec 08 2020 This book makes use of newly available archival sources to reexamine the Roman Catholic Church's policy, from the sixteenth to nineteenth centuries, of coercing the Jews of Rome into converting to Christianity. Marina Caffiero, one of the first historians permitted access to important archives, sets individual stories of denunciation, betrayal, pleading, and conflict into historical context to highlight the Church's actions and the Jewish response. Caffiero documents the regularity with which Jews were abducted from the Roman ghetto and pressured to accept baptism. She analyzes why some Jewish men, interested in gaining a business advantage, were more inclined to accept conversion than the women. The book exposes the complexity of relations between the papacy and the Jews, revealing the Church not as a monolithic entity, but as a network of competing institutions, and affirming the Roman Jews as active agents of resistance.

The Jewish-Christian Encounter in Medieval Preaching Oct 06 2020 This book explores the complexity of preaching as a phenomenon in the medieval Jewish-Christian encounter. This was not only an "encounter" as physical meeting or confrontation (such as the forced attendance of Jews at Christian sermons that took place across Europe), but also an "imaginary" or theological encounter in which Jews remained a figure from a distant constructed time and place who served only to underline and verify Christian teachings. Contributors also explore the Jewish response to Christian anti-Jewish preaching in their own preaching and religious instruction.

Tonino Valerii May 13 2021 Tonino Valerii is one of Italy's best genre film directors. He also directed the outstanding giallo *My Dear Killer* (1972). En ese lugar y en las más precarias condiciones, Ana, a la sazón una niña de trece años, escribió su estremecedor Diario: un testimonio único en su género sobre el horror y la barbarie nazi, y sobre los sentimientos y experiencias de la propia Ana y sus acompañantes. The History of the Jews in Early Modern Italy Mar 11 2021 Challenging traditional historiographical approaches, this book offers a new history of Italian Jews in the early modern age. The fortunes of the Jewish communities of Italy in their various aspects – demographic, social, economic, cultural, and religious – can only be understood if these communities are integrated into the picture of a broader European, or better still, global system of Jewish communities and populations; and, that this history should be analyzed from within the dense web of relationships with the non-Jewish surroundings that enveloped the Italian communities. The book presents new approaches on such essential issues as ghettoization, antisemitism, the Inquisition, the history of conversion, and Jewish-Christian relations. It sheds light on the autonomous culture of the Jews in Italy, focusing on case studies of intellectual and cultural life using a micro-historical perspective. This book was first published in Italy in 2014 by one of the leading scholars on Italian Jewish history. This book will appeal to students and scholars alike studying and researching Jewish history, early modern Italy, early modern Jewish and Italian culture, and early modern society.

Anne Frank's Tales from the Secret Annex Mar 30 2020 Hiding from the Nazis in the "Secret Annex" of an old office building in Amsterdam, a thirteen-year-old girl named Anne Frank became a writer. The now famous diary of her private life and thoughts reveals only part of Anne's story, however. This book completes the portrait of this remarkable and talented young author. Tales from the Secret Annex is a complete collection of Anne Frank's lesser-known writings: short stories, fables, personal reminiscences, and an unfinished novel. Here, too, are portions of the diary originally withheld from publication by her father. By turns fantastical, rebellious, touching, funny, and heartbreaking, these writings reveal the astonishing range of Anne Frank's wisdom and imagination--as well as her indomitable love of life. Anne Frank's Tales from the Secret Annex is a testament to this determined young woman's extraordinary genius and to the persistent strength of the creative spirit.

The European Left and the Jewish Question, 1848-1992 Apr 11 2021 This book examines how left-wing political and cultural movements in Western Europe have considered Jews in the last two hundred years. The chapters seek to answer the following question: has there been a specific way in which the Left has considered Jewish minorities? The subject has taken various shapes in the different geographical contexts, influenced by national specificities. In tandem, this volume demonstrates the extent to which left-wing movements share common trends drawn from a collective repertoire of representations and meanings. Highlighting the different aspects of the subject matter, the chapters in this book are divided in three parts, each dedicated to a major theme: the contribution of the theorists of Socialism to the Jewish Question; Antisemitism and its representations in left-wing culture; and the perception of the Arab-Israeli conflict. Taken together, these three themes allow for a multidisciplinary analysis of the relationship between the Left and Jews from the second half of the nineteenth century to recent times.

Catholic Spectacle and Rome's Jews May 01 2020 A new investigation that shows how conversionary preaching to Jews was essential to the early modern Catholic Church and the Roman religious landscape Starting in the sixteenth century, Jews in Rome were forced, every Saturday, to attend a hostile sermon aimed at their conversion. Harshly policed, they were made to march en masse toward the sermon and sit through it, all the while scrutinized by local Christians, foreign visitors, and potential converts. In Catholic Spectacle and Rome's Jews, Emily Michelson demonstrates how this display was vital to the development of early modern Catholicism. Drawing from a trove of overlooked manuscripts, Michelson reconstructs the dynamics of weekly forced preaching in Rome. As the Catholic Church began to embark on worldwide missions, sermons to Jews offered a unique opportunity to define and defend its new triumphalist, global outlook. They became a point of prestige in Rome. The city's most important organizations invested in maintaining these spectacles, and foreign tourists eagerly attended them. The title of "Preacher to the Jews" could make a man's career. The presence of Christian spectators, Roman and foreign, was integral to these sermons, and preachers played to the gallery. Conversionary sermons also provided an intellectual veneer to mask ongoing anti-Jewish aggressions. In response, Jews mounted a campaign of resistance, using any means available. Examining the history and content of sermons to Jews over two and a half centuries, Catholic Spectacle and Rome's Jews argues that conversionary preaching to Jews played a fundamental role in forming early modern Catholic identity.
