Spin up the turbo, lock it into all-wheel drive, and shift into

high gear to take a high-horsepower tour of the tractors of the 1960s! *American Farm Tractors In the 1960s* discusses and explores the history of John Deere and other prominent manufacturers such as IH, Farmall, J.I. Case, Allis-Chalmers, Massey-Ferguson, Ford, and White farm equipment, along with the people who produced them. Minor marques Caterpillar, Steiger, and Versatile are also discussed, along with obscure makes and orphans. In *Mordin On Time*, Nick Mordin sets out his method for answering the most fundamental question facing punters in any race, namely: which is the fastest horse? He was timing the sections of races with a stop watch, estimating wind strength and direction, adjusting for movements of running rails, using projected times and calculating average times years before the best-selling American books on speed rating were published. This new edition incorporates much new material, including standard times for all Irish

racecourses (plus the major French ones). *Mordin On Time* enables the reader to construct their own speed ratings wherever they live. *The World Is No Longer Flat Culo* is an art, fashion, and pop-culture movement that defies all national, cultural, and linguistic boundaries. No matter if you were raised to call it *derriere*, *tush*, *rear end*, or *booty*, *culo* is the new epicenter of female sexuality, desire, and empowerment. Over the past decade, some of the world's most celebrated women have subtly shifted our long-held ideals of physical perfection toward a shape that is more authentic and bold. While *culo* has long been venerated in certain cultures, it is now becoming the object of worldwide mainstream admiration. This emerging global love affair with *culo* is as much about the blending of African, Latin, European, and Asian beauty as it is about celebrating the female form's most coveted asset. *Culo* by Mazzucco pays tribute to this phenomenon through a

singular artistic vision. In more than 200 photographs and artworks created on location around the world, a diverse group of women—some already legendary, some about to become so—embody the spirit of culo and the start of a new era of beauty. In her charming and witty manner of drawing, Australian Jenny K. Blake depicts the Norwegians like no one has done before. Through her eye of humoristic details she describes everything from packet lunch to cheese slicers and the Norwegians precarious relationship with alcohol. Med sin sjarmerende og morsomme strek tar australske Jenny K. Blake nordmenn på kornet slik ingen har gjort det før henne! Med sitt blikk for humoristiske detaljer skildrer hun alt fra matpakker med mellomleggspapir til tørrfisk, ostehøvler, hytteliv og alkoholvaner. Firearm enthusiasts and shooting sportsmen everywhere recognize Gun Digest as the leading source for information on the latest guns and related gear. Entertaining articles by

some of the top names in gun and outdoor writing cover all categories of rifles, handguns and shotguns. You'll find historical profiles of great guns of the past, hunting stories about the best gun for the game, reports on the year's new models, and shotguns for women, value-priced rifles, the ultimate single-action, hand-loading tools, cartridges for elk, guidelines for the use of deadly force, and many more. It's the most comprehensive collection of firearms information in print today! Models 655, 755, 756, 855, 856, 955 Korean: A Comprehensive Grammar is a reference to Korean grammar, and presents a thorough overview of the language, concentrating on the real patterns of use in modern Korean. The book moves from the alphabet and pronunciation through morphology and word classes to a detailed analysis of sentence structures and semantic features such as aspect, tense, speech styles and negation. Updated and revised, this new edition

includes lively descriptions of Korean grammar, taking into account the latest research in Korean linguistics. More lower-frequency grammar patterns have been added, and extra examples have been included throughout the text. The unrivalled depth and range of this updated edition of *Korean: A Comprehensive Grammar* makes it an essential reference source on the Korean language. Crafting together the power of words and womanhood, writer Tanya Markul has written a completely unique poetry collection fit for the phenomenal readers of today. In Tanya's words, "May we raise the bar for how we live our lives. May we ridiculously increase the amount of peace, play, creativity, beauty, love, and joy in everything we do. May we all sip from the wisdom of our suffering. And awaken with the courage to share our stories that can heal our inner and outer worlds." When the sky grows dark and the moon glows bright, everyone goes to sleep . . . except for the

watchful owl! With a spare, soothing text and beautifully rich and textured illustrations of a starry night, this is the perfect "book of sleep." Join the owl on his moonlit journey as he watches all the other animals settle in for the night: some sleep standing up, while some sleep on the move! Some sleep peacefully alone, while others sleep all together, huddled close. *Il Sung Na* makes his American debut with this gorgeous bedtime offering. While each animal rests in its own special way, little ones will also drift off to a cozy sleep. *Jail* has its good sides, too (like you never eat alone). These are the cook's highly philosophical views, though in his job he has lost his touch lately he only sets off riots twice a year. So help yourselves to a new serving of *Arkas*. It contains the *Lifer's* epic struggle with his woes. No need to ask who's winning... reflect new course content and instructor tips. A *New York Review Books Original* *Hav* is like no place on earth. Rumored to be the site of Troy, captured during the

crusades and recaptured by Saladin, visited by Tolstoy, Hitler, Grace Kelly, and Princess Diana, this Mediterranean city-state is home to several architectural marvels and an annual rooftop race that is a feat of athleticism and insanity. As Jan Morris guides us through the corridors and quarters of Hav, we hear the mingling of Italian, Russian, and Arabic in its markets, delight in its famous snow raspberries, and meet the denizens of its casinos and cafés. When Morris published *Last Letters from Hav* in 1985, it was short-listed for the Booker Prize. Here it is joined by *Hav of the Myrmidons*, a sequel that brings the story up-to-date. Twenty-first-century Hav is nearly unrecognizable. Sanitized and monetized, it is ruled by a group of fanatics who have rewritten its history to reflect their own blinkered view of the past. Morris's only novel is dazzlingly sui-generis, part erudite travel memoir, part speculative fiction, part cautionary political tale. It transports the reader to an

extraordinary place that never was, but could well be. The *Science Focus Second Edition* is the complete science package for the teaching of the New South Wales Stage 4 and 5 Science Syllabus. The *Science Focus Second Edition* package retains the identified strengths of the highly successful First Edition and includes a number of new and exciting features, improvements and components. From the author of the popular *Tea Shop Mysteries* comes the first in a cozy crafting mystery series! New Orleans scrapbooking shop owner Carmela Bertrand delights her customers with her stunning arrangements of their scrapbooks. But among her clients' keepsakes she finds a tip of her own—about a murder... Business is booming and life is cozy for Carmela at her scrapbooking shop, *Memory Mine*. But when one of the city's elite dies during Mardi Gras, the police name Carmela's estranged husband as their number one suspect. Although Carmela hasn't

forgotten how he scrapped their marriage, she doesn't think he is cut out to be a killer. And if Shamus is being framed, Carmela might be the only one who can find the pattern and solve the case in time... This oversized lift-the-flap board book of a child's first 101 words has big, clearly labeled photos of objects in a baby and toddler's world with an interactive puzzle activity on each spread. Identifying words and their meanings is an important foundational step in language development for babies and toddlers, and Highlights brings Fun with a Purpose® into this essential learning. Babies will love looking at and naming the photos in this sturdy book, while toddlers and parents will enjoy the lift-the-flap questions and answers that help them find the cute red bird hidden on each spread. This title is available in a new edition Success is in the balance. In the Second Canadian Edition of Psychology, John Santrock and John Mitterer present the perfect balance of big ideas vs. supporting detail, breadth vs. depth, and research vs. application, all framed by a pedagogical system that effectively guides the student through the key concepts of psychology. New learning goals

launch each chapter and serve as the organizing mechanism for the text and supporting materials, focusing students' attention on the big ideas of psychology. Rich applications and current research from Canada, the United States, and other countries support the big

ideas so that students emerge with an understanding of the key concepts, not a collection of details. Santrock and Mitterer provide both you and your students with the balance you need to succeed! Erotic memoir
