**In the Shadow of Angels** Dec 24 2019 In his book *In the Shadow of Angels*, Charles Maldon reflects upon that season of his life when he was without the peace of God. He presents the contribution of several extraordinary saints whom he addresses as angels who are largely responsible for his journey and victory into the perfect peace of God. He reveals the uniqueness of each angel and relates the love and care provided by each when he needed someone to encourage and stand by him on his march toward his purpose and calling in God. These individuals displayed strength and character that became an incentive for him to strive to be the best person that God ordained him to be. Without them being there, his life in the Deep South would almost definitely have taken a different direction. By the mercy of God, he encountered each of them at a time when he was in desperate need of love and encouragement to keep from fainting. Each of them left him with a lifetime memory and a victory of healing and peace and thankfulness.

## Angel stories from the Bible — for kids

Modern believers may be tempted to look upon angels as one of the more fanciful elements of Scripture, but this illuminating and entertaining collection of angel stories from the Bible shows that there are just too many angels for them to be metaphorical, allegorical, or unimportant.

So that children will come to know and learn to revere angels, Marigold Hunt explains what angels are (and are not!) and gathers here in one volume most of the stories of angels in the Bible, including exciting tales of:

- The fallen angels, beginning with the devil himself, tempting Adam and Eve
- The angel who barred the gates of Eden so Adam and Eve could never enter again
- The angels who announced that Sara, Abraham's aged wife, would have a baby
- The angels who tried to save Lot from destruction with the city of Sodom
- The angel who stayed Abraham's hand as he was about to sacrifice his son Isaac
- The angels in Jacob's dream who climbed the stairway to Heaven
- The angels who saved Sidrach, Misach, and Abdenago from the fiery furnace
- The angel Raphael, who shielded Tobias from death, and protected his wife Sara
- The angels at the Ascension who chided the apostles for staring at the sky
- The angel Gabriel, who foretold the birth of Jesus and John the Baptist
- The choirs of angels who sang above Bethlehem when Jesus was born
- The angel who carried food to Daniel when he was imprisoned in the lion's den
- The angel who freed Peter from prison, and, of course:
- The countless angels who fill the marvelous pages of the Book of Revelation

Children will be charmed by these exciting tales.

**Angels** Oct 02 2020 The well-known evangelist explains the characteristics of angels as well as their purposes and significance in the contemporary world

**From Gabriel to Lucifer** Sep 13 2021 For sceptics, angels may be no more than metaphors: poetic devices to convey, at least for those with a religious sensibility, an active divine interest in creation. But for others, angels are absolutely real creatures: manifestations of cosmic power with the capacity either to enlighten or annihilate those whose awestruck paths they cross. Valery Rees offers the first comprehensive history of these beautiful, enigmatic and sometimes dangerous beings, whose existence and actions have been charted across the eons of time and civilization. Whether exploring the feathered visions of Ezekiel and biblical cherubim; Persian genii; Arab djinn; Islamic archangels; the austere and haunting icons of Andrei Rublev; or Wim Wenders' Wings of Desire and the more benign idea of the watchful guardian angel, the author shows that the ubiquity of these celestial messengers reveals something profound, if not about God or the devil, then about ourselves: our perennial preoccupation with the transcendent.

Police officers arrived at the scene and heard a woman's voice spurring them on: 'Please hurry, there isn't much time.' Yet, once the two victims were recovered, it was clear the voice could not have come from Lily's mother: she'd been killed on impact. How to explain this modern-day miracle? PROOF OF ANGELS will be the first mainstream trade book to effectively address a topic that has captivated individuals across cultures, age groups and religious beliefs for centuries. **The Book of Angels** Apr 08 2021 Both collectively and individually we have a deep and abiding fascination with angels. This book explores depictions of angels in the visual arts and in scripture and associated apocryphal and mystical writings, specifically in the Hebrew and Christian Bibles and Islamic, Zoroastrian and other ancient and latter-day accounts. It examines the visual clues, artistic conventions and attributes that have been set down to help us to recognise angels in their particular roles and functions. Certain writings have had a particularly influential bearing on our understanding of angels. This text focuses on the hierarchies and orders proposed by the likes of Pseudo-Dionysius, St. Thomas Aquinas and others. In a new age of fascination with the metaphysical and supernatural (in film, television, popular mythology and literature), are we cementing or losing our connection with the authentic meaning and purpose that such vibrant and energised beings bring to our table? This book contains more than 30 illustrations in a central colour plates section. It also includes a useful glossary of terms and will prove a rich and enduring reference resource for libraries, as well as a stimulating go-to source for those interested in the world of angels and how human sensibilities and imaginative reasoning have enriched the subject, as a starting point for interreligious dialogue.

*In the Presence of Angels* Feb 24 2020 Many of my poems were written because I was in the presence of angels. I would awaken in the middle of the night with a line of poetry in my head. I would then grab a pencil and pad and begin writing. The first time it happened I thought, Mmm, I'll jot that down tomorrow. When I awoke, I couldn't even remember the first word of the line much less anything else about it. After that happened, I got up and wrote all of what was on my mind. I would then fall back to sleep. Amazingly, in the morning I had very little need of corrections. Sometimes there were words that were unfamiliar to me. When I looked them up, they fit perfectly. This behavior continued through more than fifty poems. I also write when praying or observing a sunset I would have a line of poetry in my head which had to be recorded. Many times, on my way to work, I had to pull off the road to write down on a paper bag what I was thinking. This usually was when I was having a discussion with God. I have often said to friends when sharing my poetry, "I am only the messenger." My poems are messages to those who are suffering and suggestions on how to live a more fulfilling life. God is always available and will see you through any crisis. Trust Him for He loves us all.
