On the development of economic utilization. Taking to heart the message that the poor and middle class work for money, but the rich have money work for them, the authors lay out a financial philosophy based on the principle that income-generating assets always provide healthier bottom-line results. \* Our summary is short, simple and pragmatic. It allows you to have the essential ideas of a big book in less than 30 minutes. \*By reading this summary, you will learn that to become rich, you must give up your salary. \*You will also learn : that being rich doesn't mean having a full bank account; what are the basics of a good financial education; how to make money by working less; what rich parents teach their children from a young age. \*Earning money cannot be learned in school. It is usually a mindset passed on by parents who instill, voluntarily or involuntarily, their own view of money in their children, often as it has been passed on to them. Wealth is usually thought of in terms of inheritance, whereas a family's real wealth is the financial education it passes on. It is this legacy that allows one to free oneself, from an early age, from any feeling of dependence on money. As a child, Robert T. Kiyosaki grew up with two fathers whose financial realities were opposite: a poor father, his biological father, and a rich father, a family friend and mentor. While both men are hard-working, intelligent and well-paid, one will die in debt while the other bequeaths immense capital. What distinguishes these two destinies is simply the mastery of a financial education accessible to all, as the author who learned it at the age of 9 proves. Are you ready to change your vision of money and thus make the choice of wealth? \*Buy now the summary of this book for the modest price of a cup of coffee! Outlines a strategy for attaining wealth by looking for business opportunities and investing wisely, rather than seeking security through employment. Many people have million-dollar ideas. They're confident that their new product or service or innovation will make them rich and that all their dreams will come true. The problem is: Most people don't know how to turn their million-dollar idea into millions of dollars. According to many social scientists, the most important thing in life is a person's social and professional network. In other words, the people around us--our associates, our team, our friends. The people we surround ourselves with--and the people we go to for advice and guidance--can mean the difference between success and failure. And as he taught in Rich Dad Poor Dad, if the people around you have a poor person's mindset, it's likely that you'll be, or stay, poor. Your team, in life and in business, will determine if your million-dollar idea will give you a million-dollar payday. In More Important Than Money, Robert teams up with his most trusted Advisors who contribute not only chapters on the strengths and talents they bring to the team, but offer candid and insightful individual Profiles and excerpts from each of the 14 Rich Dad Advisor Series books. Readers will meet all of Robert's Rich Dad Advisors and learn why they are among his most valuable assets. Defense establishments and the armed forces they organize, train, equip, and deploy depend upon the security of capital and capital flows, mechanisms that have become increasingly globalized. Military capabilities are thus closely tied not only to the size of the economic base from which they are drawn, but also to the viability of global convertibility and exchange arrangements. Although the general public has a stake in these economic matters, the interests and interpretive understandings held by policy elites matter most—in particular those among the owners or managers of capital who focus on international finance and the international monetary regimes that sustain global commerce and their capital positions. In The Dollar and National Security, Paul Viotti explores the links between global capital flows, these policy elites, and national security. After establishing the historical link between currency, gold, and security, he continues the monetary-security story by examining the instrumental role the dollar has played in American economic and national security over the past seven decades. He reveals how perceived individual and collective interests are the key drivers toward building the kind of durable consensus necessary to sustain the external financing of American foreign and national security policy, and addresses the future implications for national security as decision-makers in the BRICs and other countries position themselves to assume an even larger policy presence in global commercial, monetary, and security matters. Doing well with money isn't necessarily about what you know. It's about how you behave. And behavior is hard to teach, even to really smart people. Money—investing, personal finance, and business decisions—is typically taught as a math-based field, where data and formulas tell us exactly what to do. But in the real world people don't make financial decisions on a spreadsheet. They make them at the dinner table, or in a meeting room, where personal history, your own unique view of the world, ego, pride, marketing, and odd incentives are scrambled together. In The Psychology of Money, award-winning author Morgan Housel shares 19 short stories exploring the strange ways people think about money and teaches you how to make better sense of one of life's most important topics. "With updates for today's world and 9 new study session sections." This book is about how we started with nothing and retired financially free in less than ten years. Find out how you can do the same. If you do not plan on working hard all of your life ... this book is for you. Why not Retire Young and Retire Rich' A mini abridgement of the #1 Personal Finance book of all time, Wisdom from Rich Dad Poor Dad tells the story of Robert Kiyosaki and his two dads—his real father and the father of his best friend, his rich dad—and the ways in which both men shaped his thoughts about investing. You don't need to earn a high income to be rich—find out the difference between working for money and having your money work for you. Rich Dad Poor Dad: What the Rich Teach Their Kids About Money - That the Poor and Middle Class Do Not! By Robert T. Kiyosaki - Book Summary - Readtrepreneur (Disclaimer: This is NOT the original book, but an unofficial summary.) The school system does a lousy job teaching students about money. So take in charge of your financial education so you can impart your wisdom to your kids. Rich Dad Poor Dad reveals the cruel truth; many people don't know enough about money for their financial future because the school system doesn't teach it to them. In order to debunk a handful of myths and provide the necessary knowledge to become successful, you need to challenge your beliefs and learn all about money; Rich Dad Poor Dad helps you to do just that. (Note: This summary is wholly written and published by readtrepreneur. It is not affiliated with the original author in any way) "I'd rather welcome change than cling to the past." - Robert T. Kiyosaki You don't need a high income to become rich but before that, you must have an enriched mind. In Rich Dad Poor Dad, you will train your mind first so you have the necessary tools to get anything you want. Robert Kiyosaki stresses that you must educate your kids about money so they have a better life. You will be the most important source of knowledge for them because the school system won't provide what's expected. P.S. Rich Dad Poor Dad is an extremely useful book that will help you educate yourself so you can teach your kids the things that they might not learn anywhere else. The Time for Thinking is Over! to simply get the gist of the original book. The must-read summary of Robert Kiyosaki and Sharon Lechter's book: "Rich Dad, Poor Dad: What the Rich Teach Their Kids About Money - That the Poor and Middle Class Do Not!" This complete summary of the ideas from Robert Kiyosaki and Sharon Lechter's book "Rich Dad, Poor Dad" shows that what is in your head ultimately determines what is in your hands: if you want to improve your circumstances, you need to change the way you think. This summary highlights the importance of educating yourself and developing financial intelligence by spending time with successful people, reading books, and attending seminars. All in all, this summary shows that your life will be more rewarding and more fulfilling if you just take the time to learn and think about where you're heading. Added-Value of this summary: • Save time • Understand the key concepts • Expand your business knowledge To learn more, read "Rich Dad, Poor Dad" and discover that the path to financial wealth does not lie in playing it safe. It's far more important to play it smart. This book can change your life. It's all about how we are taught to think; how we are programmed by schools, family, and friends. Free your mind from overthinking and achieve more, feel better, and unleash your potential. Finally be able to live in the present moment. Please Note - This is a deep analysis of original book not a original book. Many people have million-dollar ideas. They're confident that their new product or service or innovation will make them rich and that all their dreams will come true. The problem is: Most people don't know how to turn their million-dollar idea into millions of dollars. According to many social scientists, the most important thing in life is a person's social and professional network. In other words, the people around us -- our associates, our team, our friends. The people we surround ourselves with -- and the people we go to for advice and guidance--can mean the difference between success and failure. And as he taught in Rich Dad Poor Dad, if the people around you have a poor person's mindset, it's likely that you'll be, or stay, poor. Your team, in life and in business, will determine if your million-dollar idea will give you a million-dollar payday. In More Important Than Money, Robert teams up with his most trusted Advisors who contribute not only chapters on the strengths and talents they bring to the team, but offer candid and insightful individual Profiles and excerpts from each of the 14 Rich Dad Advisor Series books. Readers will meet all of Robert's Rich Dad Advisors and learn why they are among his most valuable assets. Emphasizes the importance of financial intelligence to good money management and describes how to improve financial information and increase, protect, budget, and leverage money. This just-for-teen title builds a foundation of self-confidence from which readers can realise their dreams of financial security in an increasingly challenging and unreliable job market. A wedding. A trip to Spain. The most infuriating man. And three days of pretending. Or in other words, a plan that will never work. Catalina Martín, finally, not single. Her family is happy to announce that she will bring her American boyfriend to her sister's wedding. Everyone is invited to come and witness the most magical event of the year. That would certainly be tomorrow's headline in the local newspaper of the small Spanish town I came from. Or the epitaph on my tombstone, seeing the turn my life had taken in the span of a phone call. Four weeks wasn't a lot of time to find someone willing to cross the Atlantic-from NYC and all the way to Spain-for a wedding. Let alone, someone eager to play along with my charade. But that didn't mean I was desperate enough to bring the 6'4 blue eyed pain in my ass standing before me, Aaron Blackford. The man whose main occupation was making my blood boil had just offered himself to be my date. Right after inserting his nose in my business, calling me delusional, and calling himself my best option. See? Outrageous. Aggravating. Blood boiling. And much to my total despair, also right. Which left me with a surly and extra large dilemma in my hands. Was it worth the suffering to bring my colleague and bane of my existence as my fake boyfriend to my sister's wedding? Or was I better off coming clean and facing the consequences of my panic induced lie? Like my abuela would say, que dios nos pille confesados. The Spanish Love Deception is an enemies-to-lovers, fake-dating. Why Do The Rich Gets Richer and The Poor Gets Poorer? This book will spill the secrets of why the rich are always getting richer and why the poor will usually be getting poorer. No. It's not black and white. It's just statistics and averages. Rich Dad Poor Dad by Robert Kiyosaki was originally published in 1997. Back then, it was a highly controversial book. Ideas like your house is your liability and how Robert Kiyosaki defines assets and liabilities was highly debated on back then. That is, as we all know, history. Today, many self-made millionaires and multi-millionaires' credits Rich Dad Poor Dad for the paradigm shift that a formal education could never achieve. Rich Dad Poor Dad is the #1 finance book for years after years for good reasons. You'll find out why most people will never get out of the rat race in their lifetime and how you too can become financially free one day. Explains how baby boomers can look forward to a profitable retirement by presenting a detailed financial plan to help prepare for the worst and avert a long-term financial crisis. Reissue. 100,000 first printing. Rich Dad's Guide to Investing is a guide to understanding the real earning power of money by learning some of the investing secrets of the wealthy. On the development of economic utilization. Rich Dad Poor Dad is based mostly on Kiyosaki's young days spent in Hawaii. Enriched by Kiyosaki's personal experience and the teachings he received from his rich dad and poor dad, the book highlights different attitudes towards money, work and life. Framed around six main teachings and lessons, the book is mostly a self-reflection. Apart from the financial benefits, the book also describes and highlights the teachings he got from his poor dad, i.e., empathy and responsibility towards society. Described as a personal finance book, it has not only challenged, but has also changed the way people think about money. The book talks about Kiyosaki's background, his business ventures and investments and variation between possessions and liabilities and what importance they both have in terms of starting and owning a business. It also sheds light on the teachings given by rich to their kids, which is usually missed by poor as well as the middle class parents and why it is important to have financial literacy over and above all. It also provides impetus on doing work for learning and not for earning and teaches the importance of investing and building business. This path-breaking book also showcase how one must be prepared to take action and risk and communicates the idea of how one's primary residence is a liability and not an asset. It communicates the importance of intelligence and literacy in terms of finance and how financial and entrepreneurial skills play a vital role in the success. How to use power and prosper with the help of investment skills and why it is important to possess investment skills are also written in clear and crisp words in this book. The book also talks of the importance of investment and free enterprise and urges the prospective investors and businessmen to learn from others, especially from rich people and generate new ideas to excel and succeed in life. Children's Padded Board Book With Augmented Reality Rich Dad Poor Dad by Robert Kiyosaki: Conversation Starters Rich Dad Poor Dad: What the Rich Teach Their Kids About Money That the Poor and Middle Class Do Not!, written by Robert Kiyosaki, goes over the importance of learning how to be financially successful through more than just saving money in a bank account. Instead, the authors explain how one must build assets through real estate, businesses ventures and learning about the market to know where one should invest their money. Rich Dad Poor Dad by Robert Kiyosaki was a New York Times bestseller when it was first published in 1997. With its massive success, the 20th anniversary edition was published in April 2017. A Brief Look Inside: EVERY GOOD BOOK CONTAINS A WORLD FAR DEEPER than the surface of its pages. The characters and their world come alive, and the characters and its world still live on. Conversation Starters is peppered with questions designed to bring us beneath the surface of the page and invite us into the world that lives on. These questions can be used to... Create Hours of Conversation: - Promote an atmosphere of discussion for groups - Foster a deeper understanding of the book - Assist in the study of the book, either individually or corporately - Explore unseen realms of the book as never seen before Disclaimer: This book you are about to enjoy is an independent resource meant to supplement the original book. If you have not yet read the original book, we encourage you to before purchasing this unofficial Conversation Starters. Argues that a good education and a secure job are not guarantees for financial success, and describes six guidelines for making money

work for oneself. Summary of Rich Dad Poor Dad - What the Rich Teach Their Kids About Money That the Poor and Middle Class Do Not! - talks about growing up with two fathers - a biological father and his best friend's rich father - and how both men influenced his views on money and investing. The summary debunks the idea that becoming rich requires a large income and illustrates the difference between working for money and making money work for you. The messages are more meaningful, relevant and important today than they were two decades ago. It rejects the idea that becoming rich requires a huge income. It rejects the idea that housing is a valuable asset. It demonstrates why parents cannot rely on schools to teach their children about money. It defines once and for all an asset and a liability. It teaches us how to teach our children about money so they can be financially successful in the future. Disclaimer: This is a summary of the book, not the original book, and contains opinions about the book. It is not affiliated in any way with the original author. In Rich Dad Poor Dad, the #1 Personal Finance book of all time, Robert Kiyosaki shares the story of his two dad: his real father, whom he calls his 'poor dad,' and the father of his best friend, the man who became his mentor and his 'rich dad.' One man was well educated and an employee all his life, the other's education was 'street smarts' over traditional classroom education and he took the path of entrepreneurship road that led him to become one of the wealthiest men in Hawaii. Robert's poor dad struggled financially all his life, and these two dads these very different points of view of money, investing, and employment shaped Robert's thinking about money. Robert has challenged and changed the way tens of millions of people, around the world, think about money and investing and he has become a global advocate for financial education and the path to financial freedom. Rich Dad Poor Dad (and the Rich Dad series it spawned) has sold over 36 million copies in English and translated editions around the world. Rich Dad Poor Dad will \* explode the myth that you need to earn a high income to become rich \* challenge the belief that your house is an asset \* show parents why they can't rely on the school system to teach their kids about money \* define, once and for all, an asset and a liability \* explain the difference between good debt and bad debt \* teach you to see the world of money from different perspectives \* discuss the shift in mindset that can put you on the road to financial freedom

In Rich Dad Poor Dad, the #1 Personal Finance book of all time, Robert Kiyosaki shares the story of his two dad: his real father, whom he calls his poor dad,' and the father of his best friend, the man who became his mentor and his rich dad.' One man was well educated and an employee all his life, the other's education was street smarts" over traditional classroom education and he took the path of entrepreneurship a road that led him to become one of the wealthiest men in Hawaii. This special just-for-teens edition builds a foundation of self-confidence from which readers can realize their dreams of financial security in an increasingly challenging and unreliable job market. Teen-friendly advice, examples, sidebars and straight talk will supplement all of Rich Dad's core advice: Work to learn, not to earn. Don't say "I can't afford it"--Instead, say "How can I afford it" " And don't work for money - make money work for you! No matter how confident or "good in school" readers consider themselves to be, this makes financial intelligence available to all young people with its streamlined structure, clean design, and accessible voice. How do you get a child interested in learning about finance? Give them a comic book! Robert Kiyosaki, author of the Rich Dad series, recognised the increasing need for people to begin their their journey to financial literacy - and life-long wealth - as early as possible, even before they become teenagers! In Escape from the Rat Race basic lessons about 'working to learn, not to earn', buying assets and understanding the financial statement are revealed through the kid-friendly tale of Timid E Turtle. When Tim runs out of cash at an amusement park his savvy friend, Red E Rat, shows him how to make money work for him - and tells Robert T. Kiyosaki's own riveting account of learning the basic principles of financial success. Illustrated with full-colour sequential art that ties in to Rich Dad's popular cashflow games and Website, here's a book that allows children - and reluctant readers of all ages - the chance to take their first steps towards financial success. It can be hard for busy professionals to find the time to read the latest books. Stay up to date in a fraction of the time with this concise guide. Rich Dad Poor Dad by Robert Kiyosaki is one of the bestselling books of this generation and is now taught in business schools around the world. What makes it so special? The answer is undoubtedly Kiyosaki's unique writing style; the book not only offers financial advice, but also entertaining anecdotes about his childhood and the lessons he learnt from his real dad (his 'poor dad') and a father figure (his 'rich dad'). Kiyosaki is the founder of the Rich Dad Company, which provides personal finance education through books, films, games and workshops, teaching people the importance of entrepreneurship and escaping the 'rat race'. This book review and analysis is perfect for:

- Anyone wanting to understand more about active and passive income
- Anyone looking to escape the 'rat race'
- Anyone who wants financial advice from a self-made millionaire

Clason, an American author. Clason was a successful businessman who founded the Clason Map Company of Denver, Colorado, and published the first road atlas of the United States and Canada. This book was initially a prominent series of pamphlets on thrift and financial success, using parables set in ancient Babylon, written by Clason, and circulated in large quantities by banks and insurance companies and later became familiar to millions. It is a timeless classic, revealing the secrets to making money and keeping it. It reveals the secrets to wealth, providing priceless guidance, advice, unforgettable parables, financial problem-solving tools, and invaluable information which will get you on your way to prosperity. This book is an essential read for all who want to attain financial well-being. The parables are told by a fictional Babylonian character called Arkad, a poor scribe who evolved as the richest man in Babylon. Incorporated in Arkad's advice are the 'Seven Cures' (or how to generate money and wealth), and the 'Five Laws of Gold' (or how to protect and invest wealth). An essence of Arkad's advice is around 'paying yourself first', 'living within your means', 'investing in what you know', the importance of 'long-term saving', and 'homeownership'. Title : The Richest Man in Babylon by George S. Clason ISBN 13 : 9789354990717 ISBN 10 : 9354990711
