*2018 - DEBBIES BOOK(R) 30th Edition* Dec 01 2022 2018  
Debbies Book® 30th Edition  
Digital/Printable Book 5 ways to experience Debbies Book®!  
• Physical book for users who want to hold it in their hands •  
Printable book for users who want to print certain pages •  
Searchable eBook PDF with the full exported database • Mobile App for iOS & Android Devices  
• Blog featuring how-tos, vendors and news The book is organized by categories in

alphabetical order. Addresses for Prop Houses and Costume Rental Houses are only displayed in the Prop House and Costume Rental House categories to save space.  
**Posters for Change** Mar 24 2022 The US presidential election in 2016 brought to a head myriad political activism around the world, around the rights of minorities, women, the LGBTQ community, and the environment. In the midst of this turmoil, nearly 300

designers from around the world answered the call to create this collection of 50 tear-out posters for people who want to make their voices heard in a time of unprecedented uncertainty and apprehension. A foreword by Avram Finkelstein, a designer for the AIDS art activist collective Gran Fury, looks at the crucial role of graphic activism in the current political climate.  
**Ethnographies of**

## **Movement, Sociality and Space**

Feb 29 2020 Exploring the complex dynamics of twenty-first century spatial sociality, this volume provides a much-needed multi-dimensional perspective that undermines the dominant image of Northern Ireland as a conflict-ridden place. Despite touching on memories of “the Troubles” and continuing unionist-nationalist tensions, the volume refuses to consider people in the region as purely political beings, or to understand processes of placemaking solely through ethnic or national contestations and territoriality. Topics such as the significance of friendship, gender, and popular

culture in spatial practices are considered, against the backdrop of the growing presence of migrants, refugees and diasporic groups.

*Up Against the Wall* Sep 29 2022 *Up Against the Wall: Art, Activism, and the AIDS Poster* offers nearly 200 examples of visually arresting and socially meaningful posters, taken from more than 8,000 held in the collection in the University of Rochester's River Campus Libraries' Department of Rare Books, Special Collections, and Preservation. The collection, one of the largest of its kind in the world, was donated to the University of Rochester by Dr. Edward Atwater. The book accompanies an exhibition of

AIDS education posters displayed at the Memorial Art Gallery of the University of Rochester, Rochester, NY. The posters, spanning the years from 1982 to the present, show how social, religious, civic, and public health agencies have addressed the controversial, often contested terrain of the HIV/AIDS pandemic within the public realm. Organizations and creators tailored their messages to audiences, both broad and very specific, and used a wide array of strategies, employing humor, emotion, scare tactics, simple scientific explanations, sexual imagery, and many other methods to communicate powerfully and effectively.

Seeger and Guernsey's Cyclopaedia of the Manufactures and Products of the United States Dec 29 2019

**The Outsider, Art and Humour** Sep 25 2019 This cross-disciplinary book, situated on the periphery of culture, employs humour to better comprehend the arts, the outsider and exclusion, illuminating the ever-changing social landscape, the vagaries of taste and limits of political correctness. Each chapter deals with specific themes and approaches - from the construct of outsider and complexity of humour, to Outsider Art and spaces - using various theoretical and analytical methods. Paul

Clements draws on humour, especially from visual arts and culture (and to a lesser extent literature, film, music and performance), as a tool of ridicule, amongst other discourses, employed by the powerful but also as a weapon to satirize them. These ambiguous representations vary depending on context, often assimilated then reinterpreted in a game of authenticity that is poignant in a world of facsimile and 'fake news'. The humour styles of a range of artists are highlighted to reveal the fluidity and diversity of meaning which challenges expectations and at its best offers resistance and, crucially, a voice for the

marginal. This book will be of particular interest to scholars in art history, cultural studies, fine art, humour studies and visual culture.

**5 Steps to a 5: AP English Language 2018 Elite**

**Student Edition** Oct 19 2021

Get ready to ace your AP English Language Exam with this easy-to-follow, multi-platform study guide 5 Steps to a 5: AP English Language 2018 Elite Student Edition introduces an effective 5-step study plan to help you build the skills, knowledge, and test-taking confidence you need to achieve a high score on the exam. This popular test prep guide matches the latest course syllabus and latest exam. You'll

get online help, six full-length practice tests (three in the book and three online), detailed answers to each question, study tips, and important information on how the exam is scored. Because this guide is accessible in print and digital formats, you can study online, via your mobile device, straight from the book, or any combination of the three. With the new “5 Minutes to a 5” section, you’ll also get an extra AP curriculum activity for each school day to help reinforce the most important AP concepts. With only 5 minutes a day, you can dramatically increase your score on exam day! 5 Steps to a 5: AP English Language 2018

Elite Student Edition features:

- New: “5 Minutes to a 5”— Concise activities reinforcing the most important AP concepts and presented in a day-to-day study format
- Access to the entire Cross Platform Prep Course in English Language
- 6 Practice Exams (3 in the book + 3 online)
- Powerful analytics you can use to assess your test readiness
- Flashcards, games, social media support, and more

*Anatomy Trains* Aug 24 2019  
An accessible comprehensive approach to the anatomy and function of the fascial system in the body combined with a holistic.

**Building Walls** Dec 21 2021  
Building Walls puts the recent

calls to build a border wall along the US-Mexico border into a larger social and historical context. Its three sections contrast categorical thinking and anti-immigrant speech with immigration as it is experienced by border residents and immigrants themselves.

### **WARSEC 1: Regulation**

**(2094-2095)** Oct 26 2019  
2094. The successful testing of the Alcubierre metric makes faster-than-light travel possible. For Michael Vahlroos, CEO of V-Space, this is the start of a new era. Not only will his company be able to sell new spaceships, but it will also spearhead the exploitation of extraterrestrial resources, a

must to ensure welfare to our overpopulated earth. Private corporations are the right players to boldly do what no-one has done before. For UN diplomat Ralf Åhman, however, the added value of private corporations in space is overrated. Has not the failure of the Martian colony been caused by a greedy entrepreneur, leaving the last Martian survivor on her own? Space has to be better regulated. REGULATION (2094-2095) is the first book of the WARSEC series, a race to the stars between private corporations and the United Nations organization. It is a grounded space saga for readers interested in

geopolitics, science, and the future of mankind. The Alex Ross Marvel Comics Poster Book Apr 24 2022 A deluxe collection of Marvel Comics superhero posters from renowned comics artist Alex Ross From Angel to Wolverine, all your favorite Marvel Comics superheroes are featured in this exclusive collection of painted portraits by Alex Ross--one of most respected and influential artists working in comics. This first-ever collection of these iconic images includes 35 ready-to-frame, removeable art prints--perfect for longtime Marvel fans and those just discovering these classic heroes for the first time--as well as

commentary by Ross, preliminary sketches, and a bonus four-page gatefold of the portraits, assembled into a mural that was commissioned for Marvel's New York City offices. These heroic posters showcase the Marvel superheroes as you've never seen them before--as realistic as any on the silver screen--painted in the award-winning, breathtaking style that made Alex Ross famous. The Walls of Santiago Nov 19 2021 A photo-illustrated record of Chilean protest art, along with reflections on artistic antecedents, global protest movements, and the long shadow cast by Chile's authoritarian past. "This is an

excellent and unique contribution to our understanding of protest art. It is the first substantive treatment in English of an important social movement and a significant contribution to the political impact of the COVID-19 pandemic.”—T.V. Reed, Washington State University From October 2019 until the COVID-19 lockdown in March 2020, Chile was convulsed by protests and political upheaval, as what began as civil disobedience transformed into a vast resistance movement. Throughout, the most striking aspects of the protests were the murals, graffiti, and other political graphics that became

ubiquitous in Chilean cities. Authors Terri Gordon-Zolov and Eric Zolov were in Santiago to witness and document the protests from their very beginning. The book is beautifully illustrated with over 150 photographs taken throughout the protests. Additional photos will be available on the publisher’s website. From the introduction: In the conclusion, we take stock of the crisis of the nation-state in the contemporary era. This chapter brings events into the present moment, noting the ways President Piñera took advantage of the COVID-19 pandemic to reclaim the streets of Santiago, a phenomenon echoed in countries across the

globe. While most of the global protest movements were forced to go underground (or into the ether), the Black Lives Matter movement surged in the United States and drew massive amounts of support both domestically and abroad, suggesting a continued wave of grassroots protests. We close with reflections on the continued relevance of walls in a virtual world, the testimonial role that protest graphics play, and the future outlook for revolutionary movements in Chile and worldwide. [Mobile Data Visualization](#) Apr 12 2021 Mobile Data Visualization is about facilitating access to and understanding of data on

mobile devices. Wearable trackers, mobile phones, and tablets are used by millions of people each day to read weather maps, financial charts, or personal health meters. What is required to create effective visualizations for mobile devices? This book introduces key concepts of mobile data visualization and discusses opportunities and challenges from both research and practical perspectives. *Mobile Data Visualization* is the first book to provide an overview of how to effectively visualize, analyze, and communicate data on mobile devices. Drawing from the expertise, research, and experience of an international

range of academics and practitioners from across the domains of Visualization, Human Computer Interaction, and Ubiquitous Computing, the book explores the challenges of mobile visualization and explains how it differs from traditional data visualization. It highlights opportunities for reaching new audiences with engaging, interactive, and compelling mobile content. In nine chapters, this book presents interesting perspectives on mobile data visualization including: how to characterize and classify mobile visualizations; how to interact with them while on the go and with limited attention spans; how to adapt them to

various mobile contexts; specific methods on how to design and evaluate them; reflections on privacy, ethical and other challenges, as well as an outlook to a future of ubiquitous visualization. This accessible book is a valuable and rich resource for visualization designers, practitioners, researchers, and students alike.

*Magnetic Memory Technology*  
Dec 09 2020 STAY UP TO  
DATE ON THE STATE OF  
MRAM TECHNOLOGY AND  
ITS APPLICATIONS WITH  
THIS COMPREHENSIVE  
RESOURCE *Magnetic Memory  
Technology: Spin-Transfer-  
Torque MRAM and Beyond*  
delivers a combination of

foundational and advanced treatments of the subjects necessary for students and professionals to fully understand MRAM and other non-volatile memories, like PCM, and ReRAM. The authors offer readers a thorough introduction to the fundamentals of magnetism and electron spin, as well as a comprehensive analysis of the physics of magnetic tunnel junction (MTJ) devices as it relates to memory applications. This book explores MRAM's unique ability to provide memory without requiring the atoms inside the device to move when switching states. The resulting power savings and reliability are what give

MRAM its extraordinary potential. The authors describe the current state of academic research in MRAM technology, which focuses on the reduction of the amount of energy needed to reorient magnetization. Among other topics, readers will benefit from the book's discussions of: An introduction to basic electromagnetism, including the fundamentals of magnetic force and other concepts An thorough description of magnetism and magnetic materials, including the classification and properties of magnetic thin film properties and their material preparation and characterization A comprehensive description of

Giant magnetoresistance (GMR) and tunneling magnetoresistance (TMR) devices and their equivalent electrical model Spin current and spin dynamics, including the properties of spin current, the Ordinary Hall Effect, the Anomalous Hall Effect, and the spin Hall effect Different categories of magnetic random-access memory, including field-write mode MRAM, Spin-Torque-Transfer (STT) MRAM, Spin-Orbit Torque (SOT) MRAM, and others Perfect for senior undergraduate and graduate students studying electrical engineering, similar programs, or courses on topics like spintronics, Magnetic Memory Technology: Spin-

Transfer-Torque MRAM and Beyond also belongs on the bookshelves of engineers and other professionals involved in the design, development, and manufacture of MRAM technologies.

Curriculum, Instruction, and Assessment Jun 02 2020 The lives of middle school students are dynamic, and their needs and desires are always evolving. They experience more complicated lives as influences of the broader society including popular media and technology, immigration and cultural diversity, amplified political divisiveness, and bullying effect their daily lives both in and out of school. These influences have contributed to the need

for more socialemotional support and the desire of students and teachers alike to find and express their voices. Since the publication of the 2002 Handbook volume focusing on curriculum, instruction, and assessment, the ideas, approaches, and practices of middle school educators and researchers have also needed to evolve and change in many ways to meet these changing realities and the needs of students, teachers, and schools. This volume includes chapters focusing on varying aspects of curriculum, instruction, and assessment currently being implemented in middle grades classrooms across the country.

The Hater Jan 28 2020 This story explores a perceived world of chaos where order is perceived, absolutes where relativism is absolute, and love spawned from hatred. Paul Berkely, a journalist, is not aware that this perception exists, but he is forced to face it when his path is entwined with a man described as "The Hater."

**Applied Calculus** Jun 14 2021 Full of relevant, diverse, and current real-world applications students can relate to, Stefan Waner and Steven Costenoble's APPLIED CALCULUS, 7th Edition helps your students see the relevance of mathematics to their interests. A large number of the applications are

based on real, referenced data from business, economics, the life sciences, and the social sciences. Thorough, clearly delineated spreadsheet and TI Graphing Calculator instruction appears throughout the text, and an acclaimed author website at [www.wanermath.com](http://www.wanermath.com) provides interactive tutorials, powerful utilities, conceptualization tools, review, and practice. The end-of-chapter Technology Notes and Technology Guides are optional, allowing you to include any amount of technology instruction in your courses. Acclaimed for accuracy and readability, APPLIED CALCULUS appeals to, and is appropriate for, all

types of teaching and learning styles and support. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

[Adventure Time: A Totally Math Poster Collection \(Poster Book\)](#) Oct 31 2022 Featuring 20 exclusive, removable Adventure Time posters to delight and bewilder, this book collects a madcap array of lovingly crafted artwork by world-class artists and designers such as Olly Moss and Tony Millionaire. Cover your walls with colorful visions from the land of Ooo. Pore over gorgeous, high-quality prints featuring all your favorite

characters, including Finn the Human, Jake the Dog, Ice King, Marceline the Vampire Queen, LSP, and Princess Bubblegum! Fans--both young and young at heart--will find plenty to totally crush on in this tome of Adventure Time goodness. Perfect for framing, these large-format, crease-free posters are so rhombus, you'll want to build more walls in your home or office to display them all!

**Infographics Powered by SAS** Sep 17 2021 Create compelling business infographics with SAS and familiar office productivity tools. A picture is worth a thousand words, but what if there are a billion words?

When analyzing big data, you need a picture that cuts through the noise. This is where infographics come in. Infographics are a representation of information in a graphic format designed to make the data easily understandable. With infographics, you don't need deep knowledge of the data. The infographic combines story telling with data and provides the user with an approachable entry point into business data. *Infographics Powered by SAS : Data Visualization Techniques for Business Reporting* shows you how to create graphics to communicate information and insight from big data in the boardroom and on social

media. Learn how to create business infographics for all occasions with SAS and learn how to build a workflow that lets you get the most from your SAS system without having to code anything, unless you want to! This book combines the perfect blend of creative freedom and data governance that comes from leveraging the power of SAS and the familiarity of Microsoft Office. Topics covered in this book include: SAS Visual Analytics SAS Office Analytics SAS/GRAPH software (SAS code examples) Data visualization with SAS Creating reports with SAS Using reports and graphs from SAS to create business presentations Using

SAS within Microsoft Office [Comparative Politics](#) Nov 07 2020 "Comparative Politics: A Policy Approach is a unique text that integrates a comprehensive study of eight nations with critical policy issues facing those nations. The individual chapters on the United States, the United Kingdom, the Russian Federation, Japan, China, Mexico, South Africa, and Iraq provide a wide ranging examination of nations that are representative of the diversity in decision-making frameworks and political development in the international community. *Comparative Politics* is designed to guide the reader through a series of discussions

in each nation's history, including: Key political milestones The structure of government The relationship of citizen to state The role played by political parties, groups and elections The shape and influence of the political elite The current status of the political economy The future direction of the nation in a global environment To further the goals of Comparative Politics, this book features in every chapter: Policy Briefs outlining the policy issues and debates in the forefront of the governing agenda ""Point of Fact"" items highlighting observations and sidebars on politics and life in each country Boxed features providing

deeper commentary and factual information"

AKIRA: Art of Wall Jun 26 2022

AD 2019: The year the world caught up to AKIRA. Two years before this milestone, author Katsuhiko Otomo worked with artist Kosuke Kawamura to enrobe a Tokyo city block in a collage of gripping moments from the manga that revolutionized an art form.

Then, over the next two years, he did it twice more. The result: three electrifying compilations of Otomo's art, meandering across the city. And now you can take them home. From 2017-2019, the throngs passing through Tokyo's emblematic Shibuya neighborhood were lucky

enough to witness a massive art project. The PARCO department store was closed for renovation, and Katsuhiko Otomo and collage artist Kosuke Kawamura seized on the opportunity to stretch Otomo's landmark manga AKIRA across the barriers separating the construction site from the bustling nightlife of Shibuya, Tokyo. When the project was completed, it was 2019: the very year the story of AKIRA began. To commemorate this milestone, a silver foil-coated collector's box presents an exquisite reproduction of Otomo and Kawamura's work, with the specifications overseen and approved by Otomo-sensei

personally. Nearly 75 feet (22.7 meters) of illustrations, speech balloons, and text selected from AKIRA's six volumes stretch across three accordion-bound volumes. A fourth volume includes an exclusive interview with Otomo and Kawamura, as well as photographs of the original exhibition by award-winning photographer TAKAMURADAISUKE. Rounding out the box is a dramatic, 16.5x23.4-inch poster. In this form, Kawamura's recontextualization of Otomo's manga is reminiscent of traditional Japanese emaki (picture scrolls), the narrative scrolls that some scholars see

as manga's most ancient ancestors. Don't miss this change to own a singular artifact in the history of anime and manga. Contains Scroll 1: Oct. 25, 2017-May 15, 2018. 29.3 feet (8.94 meters). Scroll 2: May 16, 2018-Feb. 27, 2019. 22.6 feet (6.88 meters). Scroll 3: Feb. 28, 2019-Aug. 8, 2019. 22.6 feet (6.88 meters). 430 x 607 mm poster 52-page hardcover catalog book including new interviews with Katsuhiko Otomo and Kosuke Kawamura and photographs by TAKAMURADAISUKE Rigid, silver cold foil-wrapped box *The Aesthetics of Rule and Resistance* May 02 2020 Effective visual communication has become an essential

strategy for grassroots political activists, who use images to publicly express resistance and make their claims visible in the struggle for political power. However, this "aesthetics of resistance" is also employed by political and economic elites for their own purposes, making it increasingly difficult to distinguish from the "aesthetics of rule." Through illuminating case studies of street art in Buenos Aires, Bogotá, Caracas, and Mexico City, *The Aesthetics of Rule and Resistance* explores the visual strategies of persuasion and meaning-making employed by both rulers and resisters to foster self-legitimization, identification, and mobilization.

## **Linguistic Landscapes Beyond the Language**

**Classroom** Aug 29 2022

Linguistic landscapes can play an important role in educating individuals beyond formal pedagogical environments. This book argues that anywhere can be a space for people to learn from displayed texts, images, and other communicated signs, and consequently a space where teachable cultural moments are created.

Following language learning trajectories that 'exit through the language classroom' into city streets, public offices, museums and monuments, this volume presents innovative work demonstrating that anyone can learn from the

linguistic landscape that surrounds them. Offering a bridge between theoretical research and practical application, chapters consider how we make sense of places by understanding how the landscape is used to express, claim and contest identities and ideologies. In this way, *Linguistic Landscapes Beyond the Language Classroom* highlights the unexpected potential of the informal settings for learning and for teachers to expand their students' intercultural experience.

**Finite Math and Applied  
Calculus** Feb 08 2021 Waner  
and Costenoble's FINITE  
MATHEMATICS AND APPLIED

CALCULUS, Seventh Edition, helps your students see the relevance of mathematics in their lives. A large number of the applications are based on real, referenced data from business, economics, and the life and social sciences. Spreadsheet and TI Graphing Calculator instruction appears throughout the text, and an acclaimed author website provides time-saving teaching and learning resources. The end-of-chapter Technology Notes and Technology Guides are optional, allowing you to include in your course precisely the amount of technology instruction you choose. Praised for its accuracy and readability, FINITE MATHEMATICS AND

APPLIED CALCULUS is perfect for all types of teaching and learning styles and support.

Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

**Milton Glaser Posters** Jan 10 2021 Milton Glaser has designed more than 500 posters. Some, like his 1967 Bob Dylan poster for Columbia Records, are icons; others, like the series celebrating "I [heart] New York," evoke his best-known works. Milton Glaser Posters includes more than 400 of them, with Glaser's own commentary describing his intentions and inspiration. It is a delight for the art lover, an

education in visual storytelling, and a journey through the cultural life of half a century, all rolled into one compact, intense book.

Only in New York Aug 05 2020 No one denies that New York City is unique—but what makes it sui generis? Sam Roberts, a longtime city reporter, has puzzled over this in print and in his popular New York Times podcasts for years. In Only in New York, updated with new tales and fascinating glimpses into uniquely NYC life, he writes about what makes this city tick and why things are the way they are in the greatest of all metropolises on earth. The more than 75 essays in this book cover a variety of topics,

including: -How do New Yorkers react during disasters? -Maritime history (the Hudson River) -Crowds, space, and population growth -1908: a year in History history -Jewish Daily Forward -What happens when a neighborhood loses its tony ZIP code? A winning and informative gift book for every fan of "the city," Only in New York is elegantly written and solidly reported.

**Creating Effective Conference Abstracts and Posters in Biomedicine** Jul 04 2020 For most biomedical researchers and academics, preparing conference abstracts and posters is an important part of professional life. With good preparation and practice,

all scientists can produce abstracts that act as effective ambassadors for their research. A well designed poster can help you to enhance your professional reputation in addition to communicating your data. This book aims to help you achieve these objectives. This book is designed for you to use when you are actually preparing a conference abstract or poster. It is intended to answer the most frequent questions, and to help you avoid the most common problems and pitfalls. Just dip into any chapter and you will find a range of tips relevant to the abstract or poster you are preparing right now. As a researcher and

academic, you need to be able to disseminate and communicate your research work and findings. While many will view writing for peer-reviewed journals as the pinnacle of the academic communication hierarchy, being able to write and present conference abstracts and posters is also extremely important. Taking your work to conferences allows you to meet experts from all around the world, to exchange ideas in person and to network with potential employers and collaborators. 'This book is a gem of useful, practical tips covering the entire process - from reading the abstract submission guidelines, through

to writing and laying out your poster and creating e-posters. If you are a novice this is the ideal book to guide you through every step. And, even if you consider yourself an expert, there is bound to be some useful information you can glean from the 500 or so tips. By reading this book, in sequence, or by dipping into relevant chapters, you will have all the necessary help with preparing abstracts and posters right at your fingertips' - Catherine Dunbar in her Foreword.

**The Walls of Jerusalem** May 26 2022 A complete examination of the men and forces that created and shaped the modern state of Israel over

the last hundred years Walls of Jerusalem is a study of the creation and evolution of the modern state of Israel. This unique work begins with the actions of four extraordinary men — Theodor Herzl, Chaim Weizmann, Ze'ev Jabotinsky, and David Ben-Gurion — and follows with their influence on subsequent leaders and on the political and military decisions that have shaped and changed Jerusalem and the nation. The resulting physical reality has made concrete the shift in vision from the broad utopian ideals of the beginning, to the separation barrier and settlement enclaves that increasingly divide both Jewish and Palestinian cultures. The

author traveled across the West Bank, into the Israeli settlements and along the Israeli security barrier dividing Israel from Palestine. He entered the tombs, mosques and synagogues, experienced the distortion of Jerusalem since the building of the separation barrier - the watchtowers, the welded gates, the shuttered shops, divided highways and back-ways, tunnels, bridges, checkpoints, to better understand evolving reality that defines the stage for the future relationship between Israel and Palestine. Walls of Jerusalem is a timely book, its vivid narrative journeys through a century and a half of dreams and conflicts

that lead to a divided Jerusalem: It presents each stage of Israel's evolution, from the 1896 publication of Herzl's Der Judenstaat and the Balfour Declaration, to the opening of the United States embassy in Jerusalem in 2018. Relates the visions of Israel's creators to the destructive and constructive forces utilized to create a new nation. Reviews the century long attempts by international organizations to resolve the conflict between Jews and Palestinians. Makes every effort to present a balanced exploration of challenges facing the state of Israel and its place on the world stage, but in conclusion gives emphasis to the plight of

the Palestinians Integrates illustrations with text to provide a detailed portrait of central figures in modern Israel's history

*Sideshow: Fine Art Prints* Oct 07 2020 Explore the robust library of Sideshow Collectibles' exclusive, one-of-a-kind art prints with this deluxe collection. Sideshow Collectibles' limitless passion for creativity and entertainment has led them to become a leading source of premium, highly sought after pop-culture collectibles—and their collection of art prints is no exception. Working with top artists such as Alex Ross, Adi Granov, Stanley "Artgerm" Lau, and more, Sideshow has

developed a series of beautifully crafted prints based on films, comics, TV, and animation. These officially licensed illustrations are inspired by countless fan-favorite properties, including everything from Marvel, DC, and Star Wars, to iconic classics like Terminator, Alien, Transformers, and more. , Collecting the very best of Sideshow prints in one extraordinary volume, this book is a must have for art enthusiasts and pop-culture fans everywhere.

**Advances in Affective and Pleasurable Design** Aug 17 2021 This book discusses the latest advances in affective and pleasurable design. Further, it

reports on important theoretical and practical issues, covering a wealth of topics including aesthetics in product and system design, design-driven innovation, affective computing, evaluation tools for emotion, Kansei engineering for products and services, and many more. Based on the AHFE 2018 International Conference on Affective and Pleasurable Design, held on July 21–25, 2018, in Orlando, Florida, USA, the book provides a timely survey and inspiring guide for all researchers and professionals involved in design, e.g. industrial designers, emotion designers, ethnographers, human-computer interaction

researchers, human factors engineers, interaction designers, mobile product designers, and vehicle system designers.

*United States Executive Poster Size Map* Mar 12 2021

Superman (2018-) #13 Feb 20 2022 Superman, intergalactic hero! A major chapter in the galaxy-spanning “Unity Saga” begins as Superman reluctantly takes the lead in a quest for peace bigger than he has ever tried before. It’s Superman, Superboy, Supergirl and a cast of thousands in a fight to keep the universe intact. But it’s this issue’s final page that will have fans everywhere talking. It’s a moment almost a thousand years in the making... Deadly

plans, murderous schemes and evil dealings. Each of Lex Luthor’s offers means doom for the heroes. So why is Lex now talking to Lois Lane? Superman, intergalactic hero! A major chapter in the galaxy-spanning “Unity Saga” begins as Superman reluctantly takes the lead in a quest for peace bigger than he has ever tried before.

It’s Superman, Superboy, Supergirl and a cast of thousands in a fight to keep the universe intact. But it’s this issue’s final page that will have fans everywhere talking. It’s a moment almost a thousand years in the making... Deadly plans, murderous schemes and evil dealings. Each of Lex Luthor’s offers means doom for

the heroes. So why is Lex now talking to Lois Lane?

*The Politics of Fear* Jul 16 2021

Far-right populist politics have arrived in the mainstream. We are now witnessing the shameless normalization of a political discourse built around nationalism, xenophobia, racism, sexism, antisemitism and Islamophobia. But what does this change mean? What caused it? And how does far-right populist discourse work? *The Politics of Fear* traces the trajectory of far-right politics from the margins of the political landscape to its very centre. It explores the social and historical mechanisms at play, and expertly ties these to the “micro-politics” of far-right

language and discourse. From speeches to cartoons to social media posts, Ruth Wodak systematically analyzes the texts and images used by these groups, laying bare the strategies, rhetoric and half-truths the far-right employ. The revised second edition of this best-selling book includes: A range of vignettes analyzing specific instances of far-right discourse in detail. Expanded discussion of the “normalization” of far-right discourse. A new chapter exploring the challenges to liberal democracy. An updated glossary of far-right parties and movements. More discussion of the impact of social media on the rise of the far-right.

Critical, analytical and impassioned, *The Politics of Fear* is essential reading for anyone looking to understand how far-right and populist politics have moved into the mainstream, and what we can do about it.

*Walls of Fame* Jan 02 2023

“The poster made you cool, You didn’t make the poster cool.”

–Charles Barkley, Basketball Hall of Famer  
From *Poster Boys: How the Costacos Brothers Built a Wall Art Empire*  
Rediscover your childhood sense of awe with the Costacos Brothers’ official collection of the iconic sports posters that adorned the bedrooms of a generation. John and Tock Costacos share

stories of the hard work, luck, giant prop baseball bats, wild animals, explosives, Ferraris, and semi-automatic weapons that forged an indelible bond between fans and their NFL, NBA, MLB, and NHL idols. With more than 100 posters and never-before-seen outtakes and concept art, *Walls of Fame: The Unforgettable Sports Posters of the Costacos Brothers* is an extraordinary look back at the golden age of sports heroes. More than 100 posters are featured, including:  
\* Brian Bosworth: The Land of Boz (Seattle Seahawks) \* Michael Jordan: Space (Chicago Bulls) \* Jose Canseco & Mark McGwire: The Bash Brothers (Oakland A’s) \* Bo

Jackson: Black & Blue (Los Angeles Raiders & Kansas City Royals) \* Aaron Judge: Judgement Time (New York Yankees) \* Magic Johnson & Wayne Gretzky: L.A. Story (L.A. Lakers & L.A. Kings) \* Roger Clemons: The Rocket (Boston Red Sox) \* Lawrence Taylor: The Terminator (New York Giants) \* Sergei Fedorov: From Russia with Love (Detroit Red Wings) \* Charles Barkley: Get Off My Backboard (Philadelphia 76ers) \* Jim McMahon & Walter Payton: Chicago Vice (Chicago Bears) \* Dave Winfield: Class (New York Yankees) \* Larry Bird: Legend (Boston Celtics) \* Troy Aikman: Strong Arm of the Law (Dallas Cowboys) \* Kirby Puckett:

Gibson: Big Game Hunter (L.A. Dodgers) \* Patrick Ewing: Madison Square Guardian (New York Knicks) \* Reggie White: Minister of Defense (Philadelphia Eagles) \* Andre Dawson: The Hawk (Chicago Cubs) . . . and more!

### **A Book about the Film Monty Python's Life of Brian**

Mar 31 2020 As a follow-up to their first true feature film, Monty Python and the Holy Grail, the comic troupe next decided to tackle a “shadow” version of the Christ story. Shot in the Middle East and produced during Margaret Thatcher’s ascendant years, the film satirized—among other matters—authoritarianism and religious zealotry. Upon its

release, Monty Python's *Life of Brian* was both a critical and commercial success, and has been since hailed as one of the greatest comedies of all time. But the film also faced backlash from religious groups for its blasphemy, perceived or otherwise. In *A Book about the Film Monty Python's Life of Brian: All of the References from Assyrians to Zeffirelli*, Darl Larsen identifies and examines the plethora of cultural, historical, and topical allusions in the film. In this resource, Larsen delineates virtually every allusion and reference that appears in the film—from first-century Jerusalem through 1970s Great Britain. Organized

chronologically by scene, the entries in this cultural history cover literary and metaphoric allusions, symbolisms, names, peoples, and places, as well as the many social, cultural, and historical elements that populate this film. By closely examining each scene, this book explores the Pythons' comparisons of the Roman and British Empires and of Pilate and Margaret Thatcher. In addition, Larsen helps to situate *Life of Brian* in the "Jesus" re-examination of the postwar period, while also taking a close look at the terror groups of first-century Judea and the modern world. *A Book about the Film Monty Python's Life of Brian* will appeal to

scholars of history, film, British culture, and pop culture, as well as to the many fans of this iconic group.

[How the Brain Learns to Read](#)

Nov 27 2019 A modern classic, updated for today's classroom needs No skill is more fundamental to our students' education than reading. And no recent book has done more to advance our understanding of the neuroscience behind this so-critical skill than David Sousa's *How the Brain Learns to Read*. Top among the second edition's many new features are: Correlations to the Common Core State Standards A new chapter on how to teach for comprehension Much more

on helping older struggling readers master subject-area content Ways to tailor strategies to the unique needs of struggling learners Key links between how the brain learns spoken and written language

**Saul Bass** Sep 05 2020 This collection of 20 iconic movie posters by Saul Bass, one of the greatest American designers of the 20th century, is a must for graphic designers and film fans. Each poster is removable and designed to fit the standard frame size 12 x 16 inches. The posters included are: The Man with the Golden Arm; Saint Joan; Love in the Afternoon; Bonjour Tristesse; The Big Country; Vertigo; Anatomy of a Murder; Exodus;

Spartacus; The Magnificent Seven; Advise & Consent; The Cardinal; In Harm's Way; Bunny Lake is Missing; Seconds; Grand Prix; The Fixer; Such Good Friends; The Shining; Schindler's List.

**"Carry on the Revolution to the End"?** May 14 2021 The book reviews the way in which art, in the form of posters, was used by Mao Zedong and the Chinese Communist Party to serve their revolution. It centers on the era of the Great Proletarian Cultural Revolution (1966-1976) and discusses the way in which the revolutionary theory of art was formed and mobilized people to use posters to "carry on the revolution to the end," as Mao called them to

do. From the propaganda posters used during the Cultural Revolution, the author identifies the features of persuasion and distortion that are most common in these posters: they persuade people to do what they do not want to do, and they distort reality by showing the opposite. Based on his experience as an propaganda artist in Mao's era, the author reviews the evolution of propaganda posters in China from the revolutionary era to today, and discusses what is at the "end" of Mao's revolution - in today's China.

**Wall of Orchids** Jul 28 2022 Twenty beautiful, brilliantly colored prints of rare orchids

from the New York Botanical Garden collection housed in a keepsake box to be published in time for the wildly popular annual Orchid Show at the NYBG This elegant box of prints features 20 magnificent

reproductions of rare orchid paintings from the NYBG's world-renowned collection. They can be mounted together for a dramatic wall statement or singly for wider range and for gifting. Irresistible for fans

of botanical art and orchid lovers in particular and printed on luxurious card stock, they fit both a 10 x 12 inch frame or an 11 x 14-inch frame with mat.
