**Canto Bight (Star Wars)** Dec 28 2022 As seen in Star Wars: The Last Jedi, welcome to the casino city of Canto Bight. A place where exotic aliens, captivating creatures, and other would-be high rollers are willing to risk everything to make their fortunes. Set across one fateful evening, these four interconnected stories explore the deception and danger of the lavish casino city. • An honest salesman meets a career criminal as a dream vacation turns into the worst nightmare imaginable, in a story by Saladin Ahmed. • Dreams and schemes collide when a deal over a priceless bottle of wine becomes a struggle for survival, as told by Mira Grant. • Old habits die hard when a servant is forced into a mad struggle for power among Canto Bight's elite, in a tale by Rae Carson • A deadbeat gambler has one last chance to turn his luck around; all he has to do is survive one wild night, as told by John Jackson Miller. In Canto Bight, one is free to revel in excess, untouched from the problems of a galaxy once again descending into chaos and war. Dreams can become reality, but the stakes have never been higher—for there is a darkness obscured by all the glamour and luxury.

**EVELINA** Mar 19 2022 A suspenseful romantic action-packed thriller. A gorgeous young lady turned Most Wanted. A romantic trip and a love to die for. A hidden secret. An evil brutal regime practicing a cult they believe existed even before God created the world. Until the regime is stopped life is on the line. A must read. ABOUT THE SERIES EVELINA A secret cult that existed even before this world was created is still at the center of murder a thousand years later. A ruthless regime is using this cult to run rampage and havoc. A corrupt and evil world where murder is the norm. A place so dark and scary where they all come out in numbers where they are slaughtered in thousands. A place where they are naked:-no rights, hopes, or anything to hang on to. A place where the only hope and courage is the heart-engraved-belief that someone will solve God's Dilemma and rise to save humanity. A pledge to fight to the death because the sole existence of the regime is to restore the lost kingdom of darkness at humanity's expense. Where restoring it means slaughtering two-thirds of the world's population in 48 hours known as the 48 Hours of Darkness. It's a story of great courage in the face of death. The rise of Tomorrow's World Order citing the system as the root of all evil setting a collision course with the regime. The suspenseful questions are when and of what magnitude will the collision be and the devastating outcome? Will the regime allow a system change? Where stakes are high and the regime will defend the system at any cost will they succeed and at what cost? How can mankind survive the most feared devil's ghosts? Are you to be the lucky few to be spared in the 48 hours of darkness? Is mankind doomed or there is hope? What is God's Dilemma and can it really be solved? Unless God's Dilemma is solved mankind is doomed. A race against time where it's a matter of life or death for the strongest men let alone for Evelina caught up in all this. Will she survive the greatest manhunt since the world was created with everyone after her with the most powerful man demanding her too? Only one way to find out. Get this book right now.

**War: How Conflict Shaped Us** Jan 25 2020 Is peace an aberration? The bestselling author of Paris 1919 offers a provocative view of war as an essential component of humanity. NAMED ONE OF THE TEN BEST BOOKS OF THE YEAR BY THE NEW YORK TIMES BOOK REVIEW AND THE EAST HAMPTON STAR "Margaret MacMillan has produced another seminal work. . . . She is right that we must, more than ever, think about war. And she has shown us how in this brilliant, elegantly written book."—H.R. McMaster, author of Dereliction of Duty and Battlegrounds: The Fight to Defend the Free World The instinct to fight may be innate in human nature, but war—organized violence—comes with organized society. War has shaped humanity's history, its social and political institutions, its values and ideas. Our very language, our public spaces, our private memories, and some of our greatest cultural treasures reflect the glory and the misery of war. War is an uncomfortable and challenging subject not least because it brings out both the vilest and the noblest aspects of humanity. Margaret MacMillan looks at the ways in which war has influenced human society and how, in turn, changes in political organization, technology, or ideologies have affected how and why we fight. War: How Conflict Shaped Us explores such much-debated and controversial questions as: When did war first start? Does human nature doom us to fight one another? Why has war been described as the most organized of all human activities? Why are warriors almost always men? Is war ever within our control? Drawing on lessons from wars throughout the past, from classical history to the present day, MacMillan reveals the many faces of war—the way it has determined our past, our future, our views of the world, and our very conception of ourselves.

*Want, Waste or War?* Oct 26 2022 In addition to environmental change, the structure and trends of global politics and the economy are also changing as more countries join the ranks of the world's largest economies with their resource-intensive patterns. The nexus approach, conceptualized as attention to resource connections and their governance ramifications, calls attention to the sustainability of contemporary consumer resource use, lifestyles and supply chains. This book sets out an analytical framework for understanding these nexus issues and the related governance challenges and opportunities. It sheds light on the resource nexus in three realms: markets, interstate relations and local human security. These three realms are the organizing principle of three chapters, before the analysis turns to crosscutting case studies including shale gas, migration, lifestyle changes and resource efficiency, nitrogen fertilizer and food systems, water and the Nile Basin, climate change and security and defense spending. The key issues revolve around competition and conflict over finite natural resources. The authors highlight opportunities to improve both the understanding of nexus challenges and their governance. They critically discuss a global governance approach versus polycentric and multilevel approaches and the lack of those dimensions in many theories of international relations.

**What It Is Like to Go to War** May 21 2022 From the author of the award-winning, best-selling novel Matterhorn, comes a brilliant nonfiction book about war In 1968, at the age of twenty-three, Karl Marlantes was dropped into the highland jungle of Vietnam, an inexperienced lieutenant in command of a platoon of forty Marines who would live or die by his decisions. Marlantes survived, but like many of his brothers in arms, he has spent the last forty years dealing with his war experience. In What It Is Like to Go to War, Marlantes takes a deeply personal and candid look at what it is like to experience the ordeal of combat, critically examining how we might better prepare our soldiers for war. Marlantes weaves riveting accounts of his combat experiences with thoughtful analysis, self-examination, and his readings—from Homer to The Mahabharata to Jung. He makes it clear just how poorly prepared our nineteen-year-old warriors are for the psychological and spiritual aspects of the journey. Just as Matterhorn is already being acclaimed as a classic of war literature, What It Is Like to Go to War is set to become required reading for anyone—soldier or civilian—interested in this visceral and all too essential part of the human experience.

**Presidents of War** Nov 03 2020 NEW YORK TIMES BESTSELLER • From a preeminent presidential historian comes a “superb and important” (The New York Times Book Review) saga of America's wartime chief executives “Fascinating and heartbreaking . . . timely . . . Beschloss's broad scope lets you draw important crosscutting lessons about presidential leadership.”—Bill Gates Widely acclaimed and ten years in the making, Michael Beschloss's *Presidents of War* is an intimate and irresistibly readable chronicle of the Chief Executives who took the United States into conflict and mobilized it for victory. From the War of 1812 to Vietnam, we see these leaders considering the difficult decision to send hundreds of thousands of Americans to their deaths; struggling with Congress, the courts, the press, and antiwar protesters; seeking comfort from their spouses and friends; and dropping to their knees in prayer. Through Beschloss's interviews with surviving participants and findings in original letters and once-classified national security documents, we come to understand how these Presidents were able to withstand the pressures of war—or were broken by them. *Presidents of War* combines this sense of immediacy with the overarching context of two centuries of American history, traveling from the time of our Founders, who tried to constrain presidential power, to our modern day, when a single leader has the potential to launch nuclear weapons that can destroy much of the human race. Praise for *Presidents of War* “A marvelous narrative. . . . As Beschloss explains, the greatest wartime presidents successfully leaven military action with moral concerns. . . . Beschloss's writing is clean and concise, and he admirably draws upon new documents. Some of the more titillating tidbits in the book are in the footnotes. . . . There are fascinating nuggets on virtually every page of *Presidents of War*. It is a superb and important book, superbly rendered.”—Jay Winik, The New York Times Book Review “Sparkle and bite. . . . Valuable and engrossing study of how our chief executives have discharged the most significant of all their duties. . . . Excellent. . . . A fluent narrative that covers two centuries of national conflict.” —Richard Snow, The Wall Street Journal
