The Biblical Basis for Modern Science Sep 25 2019 The Bible is Indeed a Book of Science, Revealed By God. We live in a “scientific age,” and the proliferation of scientific knowledge and the resulting technologies seem almost endless. Scientific discoveries and developments, however, can be a danger as well as a blessing to mankind. The modern world is desperately in need of God's own wisdom concerning the purpose and meaning of true science. When you move beyond modern assumptions and false preconceptions, the Bible is found to not only reveal a thoroughly modern perspective on the real facts and principles of science but also to provide wisdom and guidance concerning its proper role in human life. Biology is the science of life, and Christ himself is “life.” Geology is the science of the earth, and He is the Creator of the ends of the earth. We also could speak of other sciences, but all must ultimately be ascribed to Christ. True knowledge of any component of His creation must depend ultimately on the knowledge of Christ and His Word. Reveals biblical insights for cosmology, astronomy, physics, thermodynamics, chemistry, geology, paleontology, biology, anthropology, and more Brings to light how scientific and statistical evidence, rationally evaluated, favor God over evolution

UNDERSTANDING THE CREATION ACCOUNT Aug 24 2019 Throughout the Scriptures, God is identified as the Creator. He is the One "who created the heavens (He is the God who formed the earth and made it, He established it." (Isa 45:18) He is the One "who forms mountains and creates the wind" (Am 4:13) and is the One "who made the heaven and the earth and the sea, and all that is in them." (Ac 4:24; 14:15; 17:24) "God . . . created all things." (Eph. 3:9) Jesus Christ tells us that it is the Father who "created them [humans] from the beginning made them male and female." (Matt. 19:4; Mark 10:6) Hence, the Father is fittingly and uniquely called "the Creator." (Isa 40:28) It is because of God's will that we exist, for He has "created all things, and because of his will they existed and were created." Revelations 4:11. The Bible is loaded with thousands of what the Bible critic calls errors, mistakes and contradictions, including and especially the creation account itself. However, these are nothing more than difficult, challenging passages, many of which become obstacles in the development of our faith. These difficulties arise out of differences in culture, language, religious and political organizations, not to mention between 2,000 to 3,500 years of separation between the Bible author and the modern day reader.
